

Teen Voter Registration Event

Your vote, your voice! In the current climate, voter registration and voting security are questioned. Richmond Public Library Teen Services, in collaboration with members of the Richmond Youth Council, and local teens are hosting a drive-thru Voter Registration Day event, Tuesday, September 22, 2020, 12:00 p.m. – 3:00 p.m. in the parking lot facility located at 25th Street and Barrett Avenue in Richmond, CA. The event is being hosted in conjunction with National Voter Registration Day that serves as a day where local organizations really push to register many undecided, unregistered, or new voters regardless of political ideology and preference.

Residents of Contra Costa and Alameda Counties that are U.S. citizens, and have a mailing address (no post office boxes) are targeted in this secure event. Citizens that don't have a permanent address but have an address where mail is received are also encouraged to register. Registrations are secured by submitting them directly to the county elections office and not through the US postal service.
