Hi my name is Karen Alvarado and I am a resident of Richmond, CA. I write to you to ask if you can please offer more spaces for soccer practices to keep our community's youth active and healthy. I have a daughter that plays for Richmond United Soccer Club on the U10 team. For more than two years, we have struggled with having access to practice space outdoors and indoors . With the winter season , we want to keep your children involved in extracurricular activities that support their well being.

The city of Richmond has always had a high demand for practice spaces for soccer and we continue to face the same issue year after year, we ask that you please consider and prioritize the well being of the children in our community. We ask that you make the Richmond auditorium and other community centers in Richmond accessible for soccer.

I thank you for you time and consideration. If you have further questions please do not hesitate to call me at 5102305243.
