

RESOLUTION NO. 111-17

**A RESOLUTION OF THE COUNCIL OF THE CITY OF RICHMOND,
CALIFORNIA APPROVING SERVICE CONTRACTS FOR AS-NEEDED
PAVEMENT DELINEATION AND MARKING CONSTRUCTION SERVICES FOR
AN AMOUNT NOT TO EXCEED \$75,000 PER CONTRACTOR, PER YEAR, OVER
A THREE-YEAR PERIOD WITH THE OPTION TO EXTEND FOR TWO
ADDITIONAL YEARS**

WHEREAS, the Richmond Engineering and Capital Improvement Projects (CIP) Department anticipates that several major electrical projects funded by various fund sources and grants will require the use of Pavement Delineation and Marking Construction Services; and

WHEREAS, Richmond Engineering and CIP Department further anticipates that a larger paving program will arise as the result of the SB-1 Transportation Funding during the period October 2017-2020 that will require the use of pavement delineation and marking construction services; and

WHEREAS, the project-by-project selection process for pavement delineation and marking construction services can take up to six months and involve significant per-project contracting costs; and

WHEREAS, the Richmond Engineering and CIP Department have demonstrated that the use of a pool of pavement delineation and marking contractor firms that have passed a competitive bidding process on an as-needed basis eliminates much of the delay and costs associated with project-by-project bidding; and

WHEREAS, on July 12, 2017, the City issued a Request for Proposals for as-needed pavement delineation and marking construction services through the City's BidsOnline system; and

WHEREAS, twelve firms received the Request for Proposal, of which two presented proposals; and

WHEREAS, the two proposals the City received were reviewed by a panel consisting of Engineering and CIP Director Yader A. Bermudez and Streets Maintenance Superintendent Robert Chelemedos; and

WHEREAS, in evaluating proposals, the panel considered four criteria: (1) the relevant experience and strengths of each firm; (2) the organization of the firm, the availability of resources, and the firm's ability to meet project schedules; (3) the qualifications of the identified project manager and project team; and (4) the firm's ability to provide high quality customer service to the City and the community; and

WHEREAS, the panel accepted the proposals of two firms, finding that all have the technical expertise to perform the work required, and that each clearly demonstrated their understanding of the technical complexities and regulatory issues involved in implementing public capital improvement projects; and

WHEREAS, the two firms selected are:

Chrisp Company (Fremont)
Sierra Traffic Markings, Inc. (Roseville) and

WHEREAS, each Service Contract with an approved firm would be for an amount not-to-exceed \$75,000 per contractor, per year, over the three-year period with the option to extend for two additional years; and

WHEREAS, firms selected hired for these as-needed pavement delineation and marking construction services will provide construction services as requested by the City; and

WHEREAS, firms on the list will be asked to submit proposals for particular projects; and

WHEREAS, the Engineering and CIP Department will manage the contracts;

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Richmond, California, hereby authorizes the Engineering and CIP Department to enter into service contracts for as-needed pavement delineation and marking construction services, with the following firms for an amount not to exceed \$75,000 per contractor, per year, over the three-year period with the option to extend for two additional years:

Chrisp Company (Fremont)
Sierra Traffic Markings, Inc. (Roseville) and

I certify that the foregoing resolution was passed and adopted by the Council of the City of Richmond at a regular meeting thereof held September 19, 2017, by the following vote:

- AYES: Councilmembers Choi, Myrick, Recinos, Willis, Vice Mayor Beckles, and Mayor Butt.
- NOES: None.
- ABSTENTIONS: None.
- ABSENT: Councilmember Martinez.

PAMELA CHRISTIAN
CLERK OF THE CITY OF RICHMOND
