

City of Richmond Health in All Policies

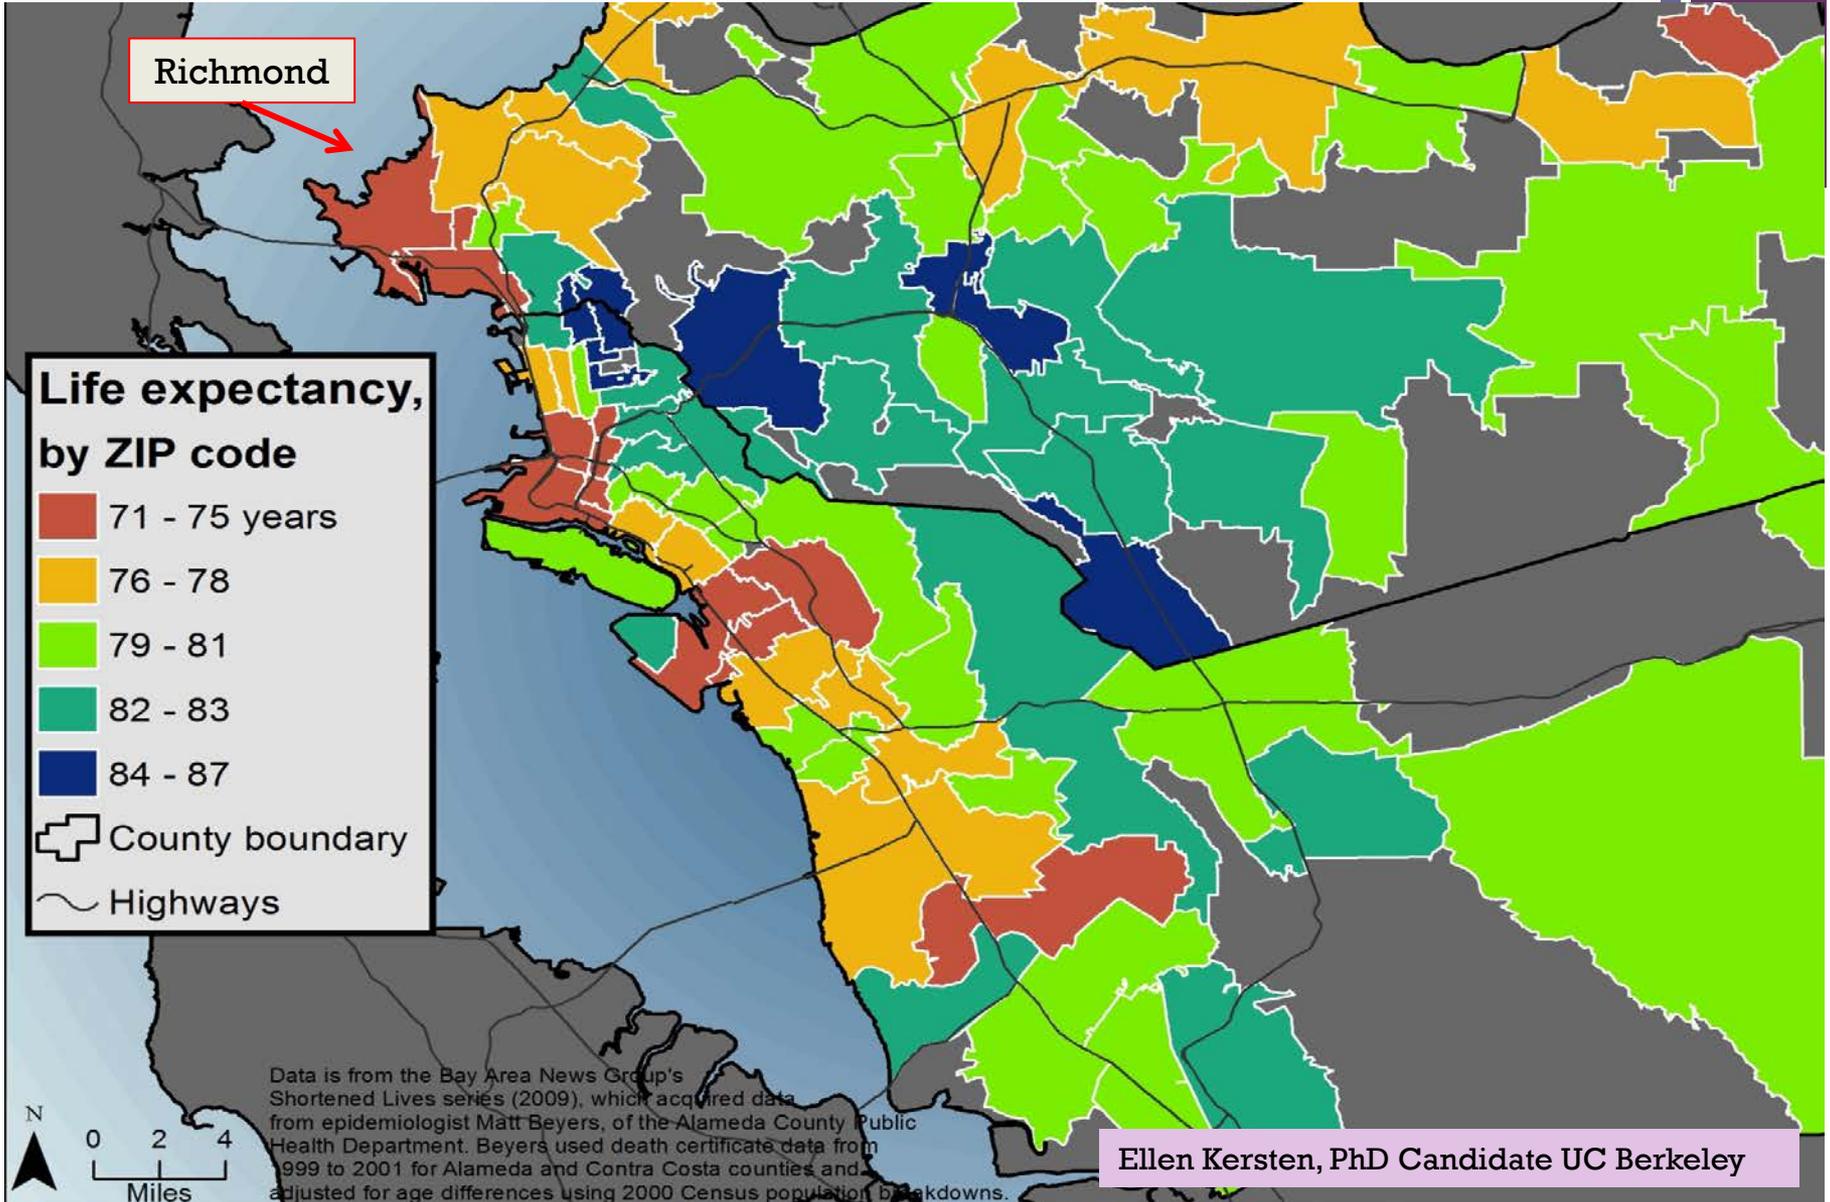

May 31, 2013

“City services through the prism of health”

– Bill Lindsay, Richmond City Manager

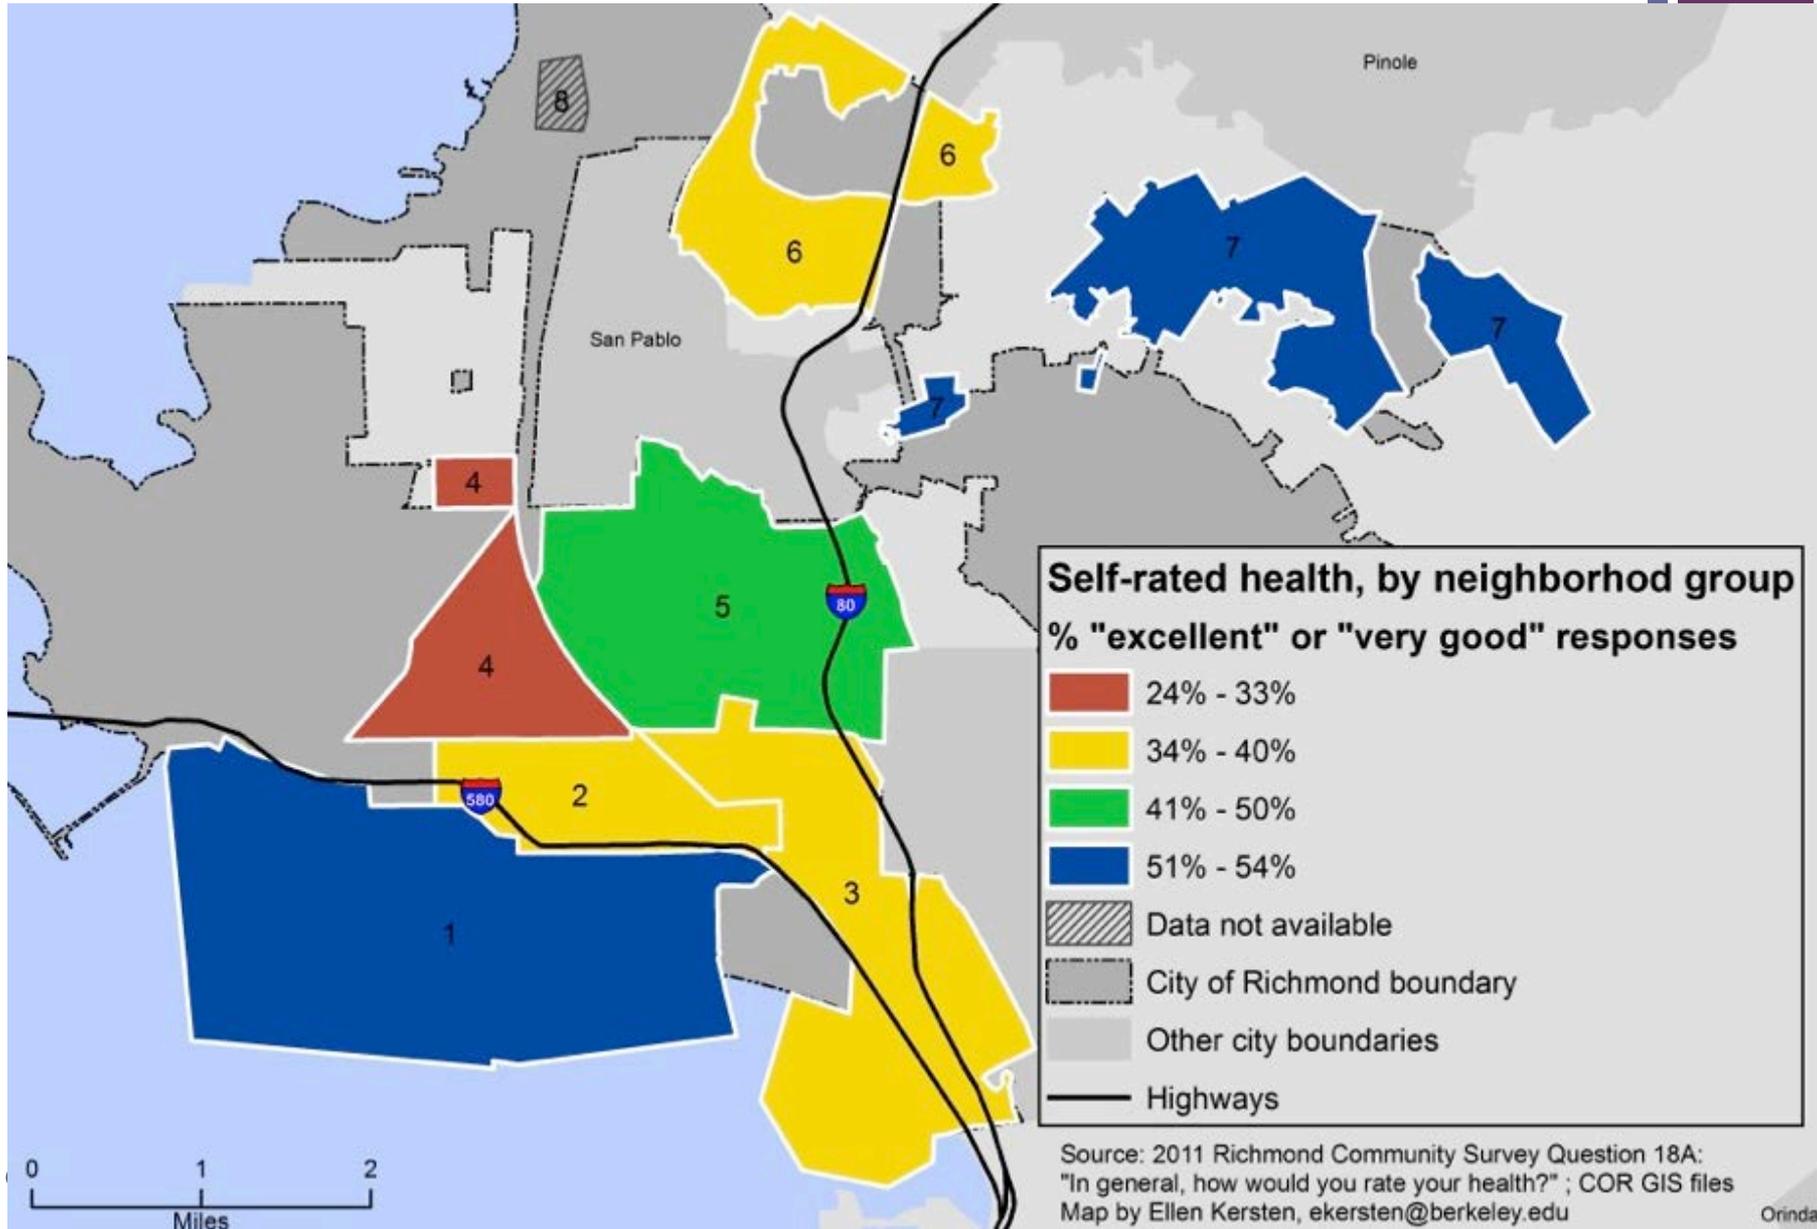

Life Expectancy in the East Bay

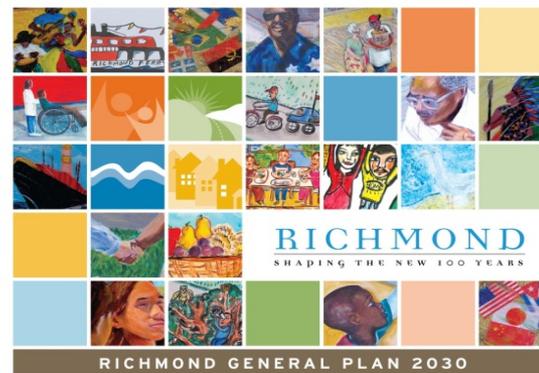

Results from the 2011 Richmond Community Survey: Self-Rated Health

+ Richmond General Plan 2030

- A core component of implementing the Health Element of the General Plan & improving the well-being and living conditions for all Richmond residents.

Health in all Policies is city management as ‘preventative medicine’ and all city staff are ‘community clinicians.’

Timeline of Community Health and Wellness Element, Richmond Health Equity Partnership, and Healthy Richmond

2005: Richmond's Community Health and Wellness Element (HWE) is first conceived. Once completed, the HWE will become the first standalone element in a CA jurisdiction's General Plan that addresses the relationship between public health and the jurisdiction's social, economic, and physical environments

2008: City launches HWE implementation planning and pilots in Iron Triangle and Belding Woods neighborhoods. 4 focus areas identified: 1) citywide policy and systems implementation; 2) neighborhood improvement strategies; 3) data collection, indicators developments, and measurement of success; and 4) community engagement.

July 2009: City began planning with project partners to identify needs and opportunities for collaboration. Partners included Contra Costa Health Services, MIG, and PolicyLink

Oct 2009: First community workshops are held in pilot neighborhoods to get input on potential improvement projects, programs, and services that would address health outcomes

April/May 2011: The City releases report summarizing recommendations for selection of indicators and implementation of data and info tracking systems

April 24, 2012: Richmond City Council adopts the 2030 General Plan and the Health and Wellness Element

City of Richmond Community Health & Wellness Element Implementation (2005-ongoing)

Building Healthy Communities Initiative: Healthy Richmond Project (2010-2020)

Richmond Health Equity Partnership (Feb 2012-Jan 2014)

Spring 2009: TCE selects Richmond as BHC project site; convenes a community-wide Steering Committee to manage planning process

Feb 2011: UISC/Community Housing Development Corp. is chosen to serve as Hub Host

Oct 2011: Hub Steering Committee is convened; comprised of 25-members including community residents, CBOs, faith-based orgs, health systems, and public agencies and institutions

May 2012: HiAP subcommittee is convened; led by City of Richmond & Prof. Jason Corburn

Oct 10, 2012: FSCS resolution approved by WCCUSD Board

July 2009-Nov 2010: Planning phase – Steering Committee interviews hundreds of local stakeholders to explore health equity issues related to TCE's 10 outcomes; creates Logic Model focusing on 4 priorities:

- Families have improved access to a health home that support healthy behaviors
- Children and their families are safe from violence.
- School and neighborhood environments support improved health and healthy behaviors.
- Community health improvements are linked to economic development.

June 2012: Health Equity Data, Training, and Report Card subcommittee is convened; led by CCHS

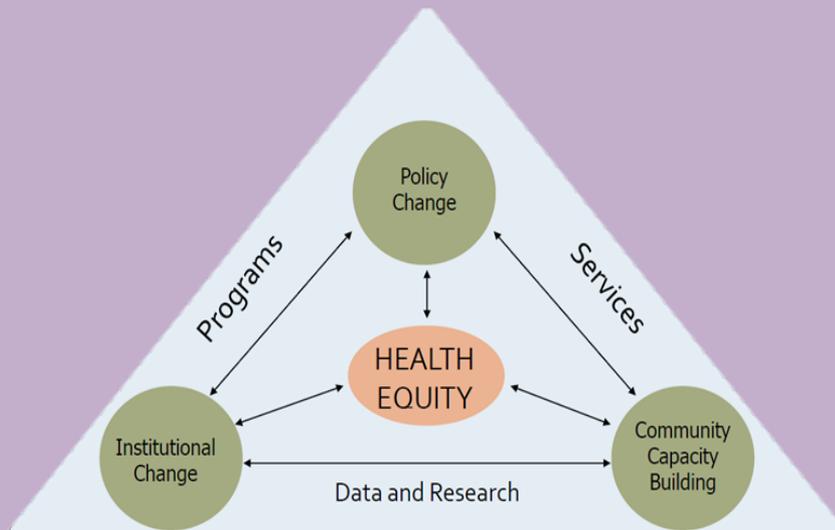

Sept 2012: FSCS subcommittee is convened; led by WCCUSD

Feb 2012: TCE approves RHEP work plan. Objective: Develop a collaborative partnership between City of Richmond, Contra Costa Health Services, West Contra Costa Unified School District to advance health equity for children and families in Richmond through the development of a Health in All Policies (HiAP) strategy, Full-Service Community Schools (FSCS) strategy, and a Health Equity Report Card to create a model for duplication in other cities and areas of West Contra Costa County

Existing Plan/Policy/Program	General Plan Implementing Actions	Measures	Health Equity	Department(s) Responsible
Complete City Climate Action Plan	Action EC1.A Climate Action Plan	Plan completed	The climate action plan should include mitigation strategies for addressing the sources of greenhouse gas emissions in the community.	City Manager's Office
Comprehensive Asthma Plan	<p>Action HW3.B Regional Medical Services Coordination</p> <p>Action HW9.E Indoor Air Quality Guidelines</p> <p>Action HW9.F Sensitive Use Location Guidelines</p>	<p>-Plan completed</p> <p>-MOU between WCCUSD, CCHS, COR and other parties developed and signed</p> <p>-Number of ER asthma visits</p>	<p>Asthma disproportionately affects minority and low-income families in Richmond.</p> <p>Asthma is the top medical condition causing school absenteeism, contributing to parent/guardian</p>	<p>City Manager's Office, Housing, Planning</p> <p>WCCUSD, CCHS, Kaiser Permanente, Community Clinic Consortium</p>

HiAP Ordinance

Sections:

9.14.010 Findings

9.14.020 Definitions

9.14.030 Health in All Policies Implementation

9.14.010 Findings.

- (a) In the City of Richmond, those at greatest risk for poor health outcomes are low-income residents of color, especially African Americans.
- (b) In comparison to other cities in Contra Costa County, Richmond has the highest proportion of deaths from diabetes, a higher than average rate of children requiring hospitalization due to asthma, and the second highest number of hospitalizations for mental health disorders and substance abuse.
- (c) Richmond is also disproportionately affected by heart disease, cancer and stroke.
- (d) Recognizing the presence of critical health disparities in the community and the opportunity to intervene on health

Next Steps

- Solicit feedback from City Staff
- Another round of community engagement
- Shop for funding
- City Council to adopt HiAP Ordinance and Strategy Document
- Implement, monitor, evaluate and improve
