CORONAVIRUS DISEASE (COVID-19) ADVISORY

<https://cchealth.org/coronavirus/pdf/COVID-19-Interim-Guidance-for-Social-Distancing.pdf>

On March 16, 2020, the Health Officer of Contra Costa County issued an Order through April 7, 2020, that directed that all individuals living in the County to shelter at their place of residence except that they may leave to provide or receive certain essential services or engage in certain essential activities and work for essential businesses and governmental services (the "Prior Shelter Order"). On March 31, 2020, the County issued Order No. HO-COVID19-03 superseding the Prior Shelter Order and extending certain terms of the Prior Shelter Order to increase social distancing, reduce person-to-person contact and extend the shelter-in-place order until 11:59 p.m. on May 3, 2020.

On March 17, 2020, Governor Gavin Newsom issued Executive Order N-29-20, authorizing legislative bodies to hold public meetings via teleconferencing. Executive Order N-29-20 further provides that a legislative body that holds a meeting via teleconference and allows members of

the public to observe and address the meeting telephonically or otherwise electronically, consistent with notice and accessibility requirements as set forth in the Order, shall have satisfied any requirement that the body allow members of the public to attend the meeting and offer public comment. Such a body need not make available any physical location from which members of the public may observe the meeting and offer public comment. On March 19, 2020, Governor Newsom issued a statewide shelter in-place order.

DUE TO THE SHELTER IN PLACE ORDERS, and consistent with Executive Order N29-20, this meeting will utilize video/teleconferencing only.

The City cannot guarantee that its network and/or the site will be uninterrupted.

Please submit a request, including your name, phone number and/or email address, and a description of the modification, accommodation, auxiliary aid, service or alternative format requested at least two days before the meeting. Effect of Advisory on In-Person Public Participation

During the pendency of the Executive Order N-29-20, the language in this Advisory portion of the agenda supersedes any language below in the meeting procedures contemplating in-person public comment.

NOTICE TO PUBLIC

The City of Richmond encourages community participation at public meetings and has established procedures that are intended to accommodate public input in a timely and time-sensitive way. As a courtesy to all members of the public who wish to participate in Rent Board meetings, please observe the following procedures:

Public Comment on Agenda Items: Persons wishing to speak on a particular item on the agenda shall file a speaker form with City staff PRIOR to the Rent Board's consideration of the item on the agenda. Once the clerk announces the item, only those persons who have previously submitted speaker forms shall be permitted to speak on the item. Each speaker will be allowed up to two minutes to address the Rent Board.

Public Forum: Individuals who would like to address the Rent Board on matters not listed on the agenda or on items remaining on the consent calendar may do so under Public Forum. All speakers must complete and file a speaker's card with City staff prior to the commencement of Public Forum. The amount of time allotted to individual speakers shall be determined based on the number of persons requesting to speak during this item. The time allocation for each speaker will be as follows: 15 or fewer speakers, a maximum of 2 minutes; 16 to 24 speakers, a maximum of 1 and one-half minutes; and 25 or more speakers, a maximum of 1 minute.

Conduct at Meetings: Richmond Rent Board meetings are limited public forums during which the City strives to provide an open, safe atmosphere and promote robust public debate. Members of the public, however, must comply with state law, as well as the City's laws and procedures and may not actually disrupt the orderly conduct of these meetings. The public, for example, may not shout or use amplifying devices, must submit comment cards and speak during their allotted time in order to provide public comment, may not create a physical disturbance, may not speak on matters unrelated to issues within the jurisdiction of the Rent Board or the agenda item at hand, and may not cause immediate threats to public safety.

City Harassment Policy: The City invites public comment and critique about its operations, including comment about the performance of its public officials and employees, at the public meetings of the City Council and boards and commissions. However, discriminatory or harassing comments about or in the presence of City employees, even comments by third parties, may create a hostile work environment, if severe or pervasive. The City prohibits harassment against an applicant, employee, or contractor on the basis of race, religious creed, color, national origin, ancestry, physical disability, medical condition, mental disability, marital status, sex (including pregnancy, childbirth, and related medical conditions), sexual orientation, gender identity, age or veteran status, or any other characteristic protected by federal, state or local law. In order to acknowledge the public's right to comment on City operations at public meetings, which could include comments that violate the City's harassment policy if such

comments do not cause an actual disruption under the Council Rules and Procedures, while taking reasonable steps to protect City employees from discrimination and harassment, City Boards and Commissions shall adhere to the following procedures. If any person makes a harassing remark at a public meeting that violates the above City policy prohibiting harassment, the presiding officer of the meeting may, at the conclusion of the speaker's remarks and allotted time: (a) remind the public that the City's Policy Regarding Harassment of its Employees is contained in the written posted agenda; and (b) state that comments in violation of City policy are not condoned by the City and will play no role in City decisions. If any person makes a harassing remark at a public meeting that violates the above City policy, any City employee in the room who is offended by remarks violating the City's policy is excused from attendance at the meeting. No City employee is compelled to remain in attendance where it appears likely that speakers will make further harassing comments. If an employee leaves a City meeting for this reason, the presiding officer may send a designee to notify any offended employee who has left the meeting when those comments are likely concluded so that the employee may return to the meeting. The presiding officer may remind an employee or any council or board or commission member that he or she may leave the meeting if a remark violating the City's harassment policy is made.

Subject: COVIC-19 and economic impacts on housing in Richmond

Esteemed Richmond City Council members,

I have recently read Order 20-20 and am writing to you with my input. I admire the Council's efforts to soften the effects of the current situation on Richmond's residents. I have some questions and issues with the order that I'm hoping you will address.

The order says a renter needs to demonstrate inability to pay rent due to COVID-19. **A list of acceptable documents should be made available to give guidance to community members.**

Medical documents - While we may accept medical information from renters, I do not believe we can ask for them or say that we accept them in a way that might be construed as coercive. Medical privacy laws must be considered. Medical documents must be requested or required by the City

If this crisis continues for more than a few months, many housing providers will be hurting. As you know, most Richmond housing providers are small-timers, and many of us live in our rentals. Many of us are not much better off than our own renters. If we are unable to collect rent, we must have agreements with our banks who will confer similar forbearance to us on mortgage payments.

Interest rates. Since non-paid rents are considered loans per Order 20-20, can interest be applied? if so how much and when? If not, will Richmond refrain from charging interest on late property tax payments and can we expect banks to do the same for late mortgage payments?

Actions you can take:

- Until State and/or Federal government funding is acquired, utilize reserve funds (provided by Richmond Landlords/Property Owners rent program fees) in Richmond Rent Program as well as City funds as a loan for Tenants who document meeting COVID-19-related financial impacts to continue paying their rent. The rent program has a reserve fund with a balance of over \$300,000 according to the latest packet page 38. What are such reserve for if not to help our community through crises such as the present one?
- Richmond should delay property tax payments without penalty as we are expected to accept delays in rent payments without penalty.
- City should support all Richmond residents and taxpayers and immediately reach out to state and federal representatives and senators to seek equal protections for Property Owners of impacted Tenants.
- City should manage (keep record of, if not directly administer) all loans provided by state and/or federal funding to support Order 20-20, protecting all eligible tenants and their housing providers.
- If the federal government ultimately provides one or two stimulus payments, there should be a requirement to use a certain percentage of that towards rent and mortgage payments owed, within 5(?) days of receipt of stimulus payment.

Richmond City Council makes decisions that affect the health and economic stability of all our residents and service providers. We strongly advise the Council to make necessary amendments to Order 20-20 to protect

both tenant **and** housing providers. Regulations that are not thought out or poorly implemented are very likely to cause an even deeper systemic crisis in our community.

With my personal best wishes for each of your continued good health,

Ilona Clark, Association of United Richmond Housing Providers

Subject: Fwd: [bahn] Fwd: Loans & Grants for Tenants in Need

While nobody wants to see anyone that is truly impacted by the virus put out on the streets, the entire burden for keeping the public housed cannot be forced upon the backs of individual citizens.

Housing is an essential service. **Who else is forced to provide an essential service for free?** Nurses, grocery store clerks, doctors, amazon delivers, hospitals, all essential; all get paid.

In times of panic, calmer and wiser heads are required to keep society intact. Allowing any tenant in San Jose to eliminate their rent due to a direct financial impact of the corona virus is a panicked reaction that will again have far reaching consequences that short-term city council-members will not have to face. The fabric of society counts on laws to be upfront in advance so that we know how to follow them and that they apply to everyone. Cities have decided to make laws retroactive as well as change business contracts so that housing providers have no idea what law will come next or how they will be able to financially prepare for new laws. Panicked law making is not responsible governance and is the primary driver creating lack of stability in housing.

This is a reaction to panic by asking private citizens to perform a public service. For free.

Thousands of small mom and pop landlords depend on their rental income to both pay their bills and to be their pensions. The fact that the city council offers to remove pensions from older landlords while maintaining an 3.5% annual increase on their own government, tax-payer-paid pensions is more than irony; it is selfish in a time of great need.

Consoling yourselves that mom and pops can get a delay in mortgage payments is not a reality. The majority will still have to pay without delay.

For those mom and pops who do eventually qualify for a delay in mortgage payment, it would be just that. A delay in mortgage payment. Not a waiver. And the criteria for getting a mortgage delay from a bank will be far different than the criteria set forth from the city council for tenants rent waiver.

Quite frankly, banks have not agreed. They have not agreed on who can apply or if. They have not set forth criteria. The eviction moratorium laws in California are confusing. Santa Clara County doesn't require notice from tenants for 60 days but San Jose might and it's not clear on the new CA state law. All these laws colliding will also collide with banks offers, requirements, and stipulations. If we can't provide the correct documentation to our bank because a city or a county or a state doesn't require it from the tenant, then automatically we would not qualify for a delay in payment from the bank even if our mortgage was backed by Fannie/Freddie.

What if the tenants have savings but the housing provider does not? What if the housing provider gets sick but the tenant does not?

If cities are confident that mom and pops would get a loan delay, please contact our banks directly and request the delay for each of us.

ITEM F-2 ATTACHMENT 2

There is no waiver: for maintenance fees, for up keep, for property taxes, for insurance, for the contractors we employ, for the utilities we must pay. We will still have bills during the pandemic and after. Asking us to make our tenants our fiscal responsibility is unconstitutional and unwarranted when other solutions abound. Tenants are not our children.

While some may be able to avail themselves of mortgage relief or small business loans, if housing providers are ultimately never able to collect deferred rent, they may never catch up. As a result, mortgage relief is nothing more than kicking both mortgage default and personal bankruptcy cans down the road.

Do you think this action will eventually raise the price of housing? Perhaps you do.

Many tenants already see these eviction moratoriums as carte blanche for not paying rent for any reason. Tenants ask why they have to still pay rent, some who own Teslas. Tenants have no stake in the game. No reason to budget. No reason to cut back on other discretionary spending.

People don't have to choose between food and rent. A homeless crisis can be averted. An eviction crisis can be averted. Cities don't have to place the entire burden of housing the public on our shoulders.

The city could easily offer loans to tenants to pay their bills once the tenants have met the City's own direct correlational connection to coronavirus. The City could deal with the paperwork required by the City to verify and investigate tenant's ability to pay. **We call for rent loans, rent grants, rent vouchers and other subsidies to ensure citizens can continue to pay for housing and other essential needs without bankrupting their landlords.**

We did not go into the business of providing housing so that we could provide unsecured loans to tenants. We are not familiar with making personal loans. This is not our profession.

We should not be forced to financially provide for our tenants. For their housing. For their utilities. Tenants should not be our fiscal dependents. And yet that is what the City continues to unconstitutionally mandate.

Offer tenants City loans

NOW!

Subject: Fwd: Berkeley's "Good Samaritan" Regulation Relating to Rent Ceilings

To the City of Richmond, Rent Board,

I'm sure the recent **Letter Template for Tenants Facing Financial Hardship Due to COVID-19** that you sent out had the best of intentions but it fell short of the mark. Requiring that all renters pay back rent within 6 months of the end of this crisis, does not give flexibility for those who may need it. Your letter should specify that this is merely a guideline and give residents the flexibility to work out terms that suit both parties (not the rent board), rather than naming meaningless deadlines that may not be appropriate in all situations.

more importantly, please consider Berkeley's announcement below. This should be adopted in Richmond as well. I never thought I'd advocate for Richmond to follow Berkeley in housing policy but here I am.

From the City of Berkeley:

Rent Discounts & Evictions: COVID-19 Related Measures

Rent Board Adopts "Good Samaritan" Regulation Assuring Property Owners No Penalty For Lowering or Forgiving Rent During COVID-19 State of Emergency

The Rent Board has received numerous calls from property owners asking if they may temporarily reduce or forgive rent to assist their tenants in coping with the COVID-19 crisis without that act of kindness resulting in a permanent reduction in the amount of rent that can be charged for the unit. In most cases, the property owners have always had this ability, with only newer tenancies being in doubt. On April 4, 2020, the Rent Board adopted an emergency regulation that makes clear that for ALL tenancies that began prior to March 3, 2020, an owner may reduce or forgive rent owed without that generosity changing the rent ceiling for the unit. Please see the announcement below.

FOR TENANCIES THAT BEGAN ON OR BEFORE MARCH 3, 2020: Rent Board emergency [Regulation 1017.5](#) allows a landlord and tenant to agree in writing to a temporary rent reduction throughout the duration of the local State of Emergency for the COVID-19 pandemic without reducing the lawful rent ceiling. Ordinarily, under [Rent Board Regulation 1013\(A\)\(2\)](#), the lawful rent ceiling must account for discounted or "free" rent during the initial term of the tenancy. Regulation 1017.5 supersedes this existing rule.

The written agreement must include a statement that the reduction is temporary, and is not related to market conditions, habitability, or a reduction in housing services. Written agreements entered into during the local State of Emergency may extend beyond the expiration of the local State of Emergency where the landlord and tenant expressly agree to the duration in writing.

Local and State Measures Concerning Evictions

The [local eviction moratorium](#), adopted by the City Council, applies to evictions for nonpayment of rent due to financial impact/hardship due to COVID-19 and most no-fault evictions during the local State of Emergency.

Financial Impact/Hardship includes:

- Decrease in household income due to layoffs or reduction of hours
- Decrease in household income due to caregiving responsibilities, including child care needs arising from school closures
- Substantial material out-of-pocket medical expenses

Tenants should provide landlords with written notice of their inability to pay rent no later than 7 days after the rent is due, and maintain documentation showing the financial impact. Tenants must also pay unpaid rent that accrued during the local state of emergency within six months after the expiration of the local emergency. Landlords may not charge a late fee on the rent. Under the terms of the Moratorium, landlords are prohibited from evicting tenants financially affected by the COVID-19 crisis for failure to pay back rent during the local State of Emergency if the tenant has notified the landlord of their inability to pay rent within 7 days of rent being due.

A landlord may request that the City Manager or their designee waive or modify the prohibition on evictions if they can prove hardship or that not being able to evict would be an unconstitutional taking. Guidelines developed by the City Manager's Office can be viewed [here](#).

SUBJECT: FEBRUARY 2020 MONTHLY ACTIVITY REPORT

Introduction

The Monthly Activity Report is designed to provide members of the Rent Board and Richmond community with a summary of the Rent Program's activities for the month. It is anticipated that the format, content, and detail of this report will evolve over time. Feedback concerning this report may be submitted via email to rent@ci.richmond.ca.us or by calling (510) 234-RENT (7368).

February Agency Highlights

Billing and Registration Unit staff members mailed over 1,500 Rental Housing Fee invoices to owners with delinquent fees and, with the assistance of staff members in the Public Information Unit, responded to hundreds of inquiries from Landlords and Property Managers.

Collection of the Rental Housing Fee from all Landlords in the City of Richmond is paramount to the Rent Program's financial viability and long-term sustainability. To that end, staff members generated and mailed invoices with corresponding late fees to over 1,500 owners of rental property in the City. Such mass-mailings often generate significant activity in the Billing and Registration Unit, and this occasion was no exception. Staff members worked diligently to respond to community members in a timely manner, resolving issues as expeditiously as possible. Staff members continue to investigate efficiencies and best practices to improve future billing cycles.

Public Information Unit staff members held two community workshops in the month of February, attended by a combined total of 56 community members.

February was a busy month for Rent Program staff members. During the month of February, staff members in the Public Information Unit conducted two workshops for community members. The first workshop, held on February 1, 2020, provided information about rights and responsibilities for Richmond Tenants and was attended by 12 individuals. Rent Program Services Analyst Magaly Chavez led a detailed presentation about the Rent Ordinance, including the eight "just causes" for eviction in the City of Richmond, the mechanics of rent control in Richmond, the Rent Adjustment Petition process, and related California Civil codes.

Staff Attorney Palomar Sanchez provided support to staff and community participants. The second workshop, held on February 29, 2020, was tailored to Richmond Landlords and Property Managers and boasted an attendance of 48 community members. Rent Program Services Analyst Philip Verma conducted a comprehensive presentation about the Rent Ordinance as it relates to rights and responsibilities of Richmond Landlords and Property Managers. Staff members are continuing to develop strategies to bolster attendance community workshops, an in particular, at Tenant-oriented workshops. Following both presentations, attendees were provided an opportunity to ask questions of staff. Presentation materials are accessible at <http://www.ci.richmond.ca.us/3541/Workshops>

SUBJECT: MARCH 2020 MONTHLY ACTIVITY REPORT

Introduction

The Monthly Activity Report is designed to provide members of the Rent Board and Richmond community with a summary of the Rent Program's activities for the month. It is anticipated that the format, content, and detail of this report will evolve over time. Feedback concerning this report may be submitted via email to rent@ci.richmond.ca.us or by calling (510) 234-RENT (7368).

March Agency Highlights

March was a considerably unique month for the Rent Program team, along with the rest of the nation, due to the COVID-19 pandemic and subsequent impacts on daily life. As of March 17, 2020, all staff are working remotely. Remote work presents the team with a series of unique challenges and opportunities. Assisting members of the public on a remote basis, who are accustomed to being able to directly contact the Rent Program office, has stressed our ability to be immediately responsive.

The demands of the current crisis have also provided opportunities for Rent Program staff members to work collaboratively with staff in the City Attorney's Office and Community Development Department. The Rent Program has taken the lead on a number of important policy development tasks and associated outreach to the community, including the development of a moratorium on no-fault evictions and those for nonpayment of rent if due to the COVID-19 crisis, as well as the establishment of a fund to assist renters struggling with rent payments (progress is ongoing).

In an effort to document the impact of this historic event on Rent Program operations, all staff members were asked to respond to question prompts. The following is a compilation of responses from staff members, organized by Agency unit. Responses have been edited for length and clarity, and to maintain anonymity to the greatest extent possible.

Public Information Unit***How has your role within the Agency been impacted by the current emergency?***

The emergency order obviously called for emergency action on everyone's role. We all had to quickly figure out how we were going to work remotely with the server, manage correspondence with the public, and other operational tasks for the office. I feel my role was

ITEM F-4

impacted by daily operations, namely corresponding with the public at the level we are used to such as in person services and by phone. Additionally, this being an emergency matter, my priorities shifted drastically in the first couple of weeks of March to update documents, our website, and outreach materials to provide resources for the public. Although, I understand that the concerns with public safety are the priority, I was prepared in my role to create and update anything necessary to carry out our ongoing operations to serve the public. As of late, I feel less limited in my work that I can do remotely because of access to the server and communication among our team to maintain daily operations and correspondence with the public.

The impact of the quarantine on my job within the Rent Program has been fairly straightforward; whereas I used to operate at the front desk, dealing directly with constituents, triage, and fielding phone calls, I now rely on voicemails as my primary contact with constituents, and then those are almost all forwarded directly to counselors or other members of the Rent Program. The "immediacy" and/or face-to-face factor of my job has basically been eliminated.

The shift from seeing people in person to now speaking to them through email or over the phone. I think it poses different problems and advantages. It might be more difficult for people that are not as savvy with technology to navigate the information that we send through email or is on our website. I think it makes us more accessible in general to the community by having the ability to email or call us.

It takes longer to call back community members, especially because a lot of people won't answer from blocked phone numbers (we are using cell phones) so it usually takes one or two calls back and forth before we make contact. Accessing remote desktop and software takes longer, and makes it such that we cannot check or enter notes in our customer-relations software in real-time while counseling. In addition, we cannot get feedback from supervisor as quickly with counseling questions (though he has been very available, just takes longer.)

What are you hearing from the community in terms of assistance or resources they need (if you are in contact with community members)?

I've mostly heard from tenants who've expressed fear about rent payment, as they aren't sure how long this situation will last and need financial assistance. Once the emergency order expires, many will owe a lot of money and not have the resources to pay it back.

On a daily basis when I check our voicemail messages, I assist in calling back community members to answer any general questions. It depends if I am speaking to a tenant or a landlord. Most tenants have concerns about paying rent during the emergency order because most have been laid off or have been in contact with someone with COVID-19. Even though there is forbearance on their rent during this time, they are still uncertain if they will be able to pay rent six months after the order is lifted because other bills will continue to accrue.

Landlords on the other hand express their concerns that tenants are not paying rent, but still have mortgages to pay and ask for more resources about what they can do to avoid foreclosure on their home if they can't pay the mortgage, which is typically paid by the tenant's rent.

Landlords would like more assistance and resources from our department or clear language available to them to understand how the order is (or not) helping them.

The pattern with voicemails and calls tends toward a lot of people searching for assistance with paying rent, or who need information regarding the moratorium on evictions. These two are the predominant themes, next are landlords calling in with questions regarding the latest round of invoices we sent out.

Most people call asking for rent repayment help. Saying that they have tried to call a lot of different agencies.

Billing and Registration Unit

How has your role within the Agency been impacted by the current emergency?

I have the responsibility of assisting landlords with questions that they may have about their invoices and enrollment & registration forms. Due to the City closure, assisting Landlords has been a bit difficult due to staff not having full access to office equipment like their desktops, printers, and office phones. While staff may have remote access to their office desktops from home, the connection issues and delays in the remote desktop have made remote work from home a challenge. Printing invoices and sending out correspondence to people who don't have access to a computer or email has also been difficult.

My role in Billing & Registration has been impacted quite a bit by the remote access to our network failing for long periods of time most days. It also makes my duty of discussing with landlords their current need to pay our fees even though they may possibly not be receiving rent in the future months a daunting task. I currently do not have the physical access to payments that are mailed into the office, so I rely on our Executive Director to receive all mail, scan necessary forms for processing, and enter payments on a spreadsheet that I then enter into our database for tracking. I also have to compile the physical receipts for payments of invoices that we submit for expense statements monthly and obtain the Director's signature for compliance with Finance Department policies. I'm very nervous in regards to the next billing cycle and how we will achieve it (if we conduct it remotely) without causing financial and clerical chaos.

What are you hearing from the community in terms of assistance or resources they need (if you are in contact with community members)?

A majority of the community members with whom I interact are landlords and the commonly mentioned topic is that many landlords will be having issues paying things like City Department fees (Rental Housing Fee, Business License, etc.) and their mortgage due to the ongoing pandemic.

Most of the Landlords I have spoken to are concerned about how they are going to maintain their mortgage if they are not getting income from the rental units. They often ask me what processes are in place to assist them in this current emergency.

Legal Unit

How has your role within the Agency been impacted by the current emergency?

My duties have expanded as I am now assisting the City Attorney's Office with understanding the various emergency orders issued by different California agencies, assisting the City Attorney's Office in drafting its own Order and amending subsequent Orders, reviewing the Rent Programs forms related to city, county, and state orders, researching law around local government power, including moratoriums, and articulating the boundaries of the Board's powers during this time. All my other duties have remained unaffected, although some may be more difficult to perform than others. For instance, PRA review has been more difficult with limited access to the Program's database.

I believe my role has been in higher demand. Constituents have become more desperate for information during a time where accurate information is either hard to find or is flooded by additional and sometimes inaccurate information. It is clear how my role as a public servant was not only important before but is clearly an essential service in these difficult times. There are so many Orders, rule changes, and other proclamations issued by city, county, state, and federal agencies that it is difficult even for attorneys to keep up, let alone the general public. As a staff attorney and as a supervisor, the weight of these roles appears to be more important as people (public and staff) require accurate information in a shorter amount of time.

What are you hearing from the community in terms of assistance or resources they need (if you are in contact with community members)?

I hear from the community every day and it is clear that people need information about their rights and responsibilities and also financial assistance. Renters need assistance paying rent and landlords need assistance paying their mortgages. As always, legal assistance is in high demand despite our inability to provide it. The community is deeply stressed and agitated and I think people are seeking leadership from our government. Unfortunately, much of the government at large is fractured and therefore even speaking to an official is often an arduous task. This is even more so during an unprecedented emergency period like this one. Thus, the community is also seeking the ability to have confidence in their government and actually have someone from these agencies listen to their questions and concerns and give accurate and timely responses.

Hearings Unit

How has your role within the Agency been impacted by the current emergency?

The biggest change is the short and bridge free commute within my home. I miss holding Petition files, but everything I need is being scanned and made available within our Hearings Unit electronic files. I am not currently conducting Hearings, and we had to cancel two that had been scheduled, but we are likely to do Hearings by conference call in the foreseeable future. I still get inquiries from staff and I am happy to contribute whenever it makes sense. Fundamentally, the impact on my role has been relatively nominal.

ITEM F-4

As a Hearings Coordinator, my role has been impacted because I am unable to schedule Rent Program Hearings since we do not have a virtual method in place at this time to hold hearings, we are unable to mail hearing documents to parties, we are unable to access hearing documents that have not been scanned into the P drive because they are held in the Petition file, and we do not have access to office equipment such as the printer, mail service, scanner, labeler, and office files that assists with daily administrative functions.

As Rent Board Clerk, my role has been impacted because we are unable to hold our meetings in the Council Chambers and fulfill the entire administrative functions associated with setting up the meetings. Also, it is an inconvenience for our Boardmembers because they must figure out how to attend the meetings virtually.

What are you hearing from the community in terms of assistance or resources they need (if you are in contact with community members)?

I do not hear directly from the community. My impression is that the Landlord and Tenant populations need reassurance and a path back to normalcy whenever that becomes available to the Richmond community.

In accordance with Section 11.100.060(I) of the Richmond Fair Rent, Just Cause for Eviction, and Homeowner Protection Ordinance, the amount of the Residential Rental Housing Fee will be determined by the City Council after a recommendation by the Board is provided to the City Council. Prior to July 1, the Board is required to hold a public hearing on a proposed budget and adopt an annual budget for the ensuing fiscal year. To that end, staff members have prepared a proposed budget, fee study, and 10-year financial projection for the 2020-21 fiscal year for the Rent Board's consideration and comment. The purpose of this item is to receive preliminary feedback from the Board prior to the scheduling of a public hearing for potential adoption of the Fiscal Year 2019-20 budget prior to the July 1 deadline.

RECOMMENDED ACTION:

RECEIVE a draft Fiscal Year 2020-21 Rent Program budget and corresponding Rental Housing Fee study, including 10-year financial projections and financial recommendations prepared by Kevin W. Harper and Associates, and PROVIDE direction to staff – Rent Program (Nicolas Traylor/Paige Roosa – 620-6564).

FISCAL IMPACT:

The proposed budget and Rental Housing Fee study for the 2020-21 fiscal year would authorize \$2,896,242 in expenses and \$2,898,951 in revenue. Proposed fees for the 2020-21 fiscal year are \$219 for Fully Covered Rental Units and \$124 for Partially Covered Rental Units, including Governmentally Subsidized Rental Units.

DISCUSSION:

Proposed Fiscal Year 2020-21 Goals

The proposed Fiscal Year 2020-21 budget has been prepared for the Board's consideration in acknowledgement of the following goals in three broad categories: Program Development, Outreach, and Program Sustainability and Compliance.

PROGRAM DEVELOPMENT:

1. **Continue to invest resources in staff training**, particularly for the Rent Program Services Analysts, to ensure staff members are knowledgeable on the requirements of the Rent Ordinance, Rent Board Regulations, and related State and Federal laws.
2. **Continue to implement the formal mediation program** to provide free formal and informal mediation services to Landlords and Tenants as a means of resolving disputes that have a reasonable nexus to the Rent Ordinance through the assistance of a trained mediator.
3. **Continue to develop an online filing system for the submission of Property Enrollment and Tenancy Registration forms**, as well as the filing of rent increase and termination of tenancy notices on the City's e-trakit website.

OUTREACH:

1. **Publicize the Guide to Rent Control in Richmond and develop one-page fact sheets** on common topics such as Just Cause for Eviction, Owner Move-In evictions, the Ellis Act, and the Relocation Ordinance.
2. **Develop a Comprehensive Outreach Plan** that includes, but is not limited to, continuing to bolster our social media presence, producing informational, infographic, and/or testimonial videos to highlight aspects of the Rent Ordinance and services provided by the Rent Program and expanding outreach efforts to local businesses, schools, non-profits, neighborhood councils, and other community stakeholders.
3. **Launch Tenancy Registration Outreach** by beginning to mail out Notices of the Maximum Allowable Rent (MAR) (sent to Landlords and Tenants when Tenancy Registration Forms are submitted), and create a database accessible to the public where community members can research the MAR for a particular rental unit.

PROGRAM SUSTAINABILITY AND COMPLIANCE:

1. **Continue to improve collection of the Rental Housing Fee** (greater than 85% compliance) to build up the Rent Program’s reserves

2. **Continue to work collaboratively with other City departments** to improve rental housing inspection options, seismic safety policy, enforcement of the Relocation Ordinance, and the collection of other City fees, such as the Business License Tax, Fire Prevention Services Fee, and Rental Inspection Program fee

3. **Implement more stringent exemption verification processes** to require that claims of non-applicability or exemption are fully investigated and approved or denied by Rent Program staff (or the Rent Board, in the event of an appeal).

Proposed Fiscal Year 2020-21 Budget Summary

The proposed budget for the 2020-21 fiscal year is approximately 1% lower than that adopted in 2019. This is due primarily to decreases in salary costs, as staff turnover will allow for replacements of positions at lower salaries. Management staff members recommend reallocation of two of the Rent Program Services Analyst II positions to Rent Program Services Analyst I positions, which will result in substantial salary savings (\$27,845) and will reduce the need to raise fees to compensate for the loss of nearly 2,000 applicable Rental Units between 2019 and 2020.

The proposed budget of \$2,896,242 would fund expenses in the following categories:

Category	Proposed FY 2020-21 Budget
Salaries and Wages	\$1,243,295
Fringe Benefits	\$714,894
Professional and Administrative Services	\$240,116
Cost Pool (Indirect Service Charges, Space at 440 Civic Center Plaza, General Liability)	\$193,532
Other Operating Expenses	\$73,334
Supplemental Liability Insurance Policy (SLIP)	\$8,865
Noncapital Assets – Computer Hardware	\$1,100
Utilities	\$284
17% Operating Reserve	\$420,821
TOTAL	\$2,896,242

Ten-Year Financial Projection and Recommendations

In February 2020, the Rent Program entered into a contract with Kevin W. Harper CPA and Associates to prepare 10-year financial projections for the Rent Program and issue recommendations in support of the agency's goal of achieving long-term financial stability. These projections and CPA recommendations are provided in Appendices B and C, respectively, of the attached Fiscal Year 2020-21 Budget and Rental Housing Fee Study (Attachment 1).

Proposed Fiscal Year 2020-21 Rental Housing Fee Study

Section 11.100.060(l)(1) of the Fair Rent, Just Cause for Eviction, and Homeowner Protection Ordinance ("Rent Ordinance") provides all Landlords shall pay a Residential Rental Housing Fee to fund the Rent Program budget. The amount of the Rental Housing Fee is annually established by the Richmond Rent Board and approved by the City Council.

Under Section 50076 of the California Government Code, fees charged for any service or regulatory activity must not exceed the reasonable cost of providing the service. Those fees must be approved by the City Council, as the legislative body, in public session. Therefore, a fee study is necessary to ensure that the Residential Rental Housing Fee recommended by the Rent Board and charged to Landlords is commensurate to the level of services provided by the Rent Program.

The fee study is designed to allow the Rent Program Department to recover costs of all budgeted operations, including, but not limited to:

- Personnel costs of staff, benefits, and overtime;
- Risk management and supplemental liability insurance plan (SLIP);
- Charges allocated to City Departments to reimburse the General Fund for administrative services by central service departments (i.e. City Council, City Manager, City Attorney, City Clerk, Finance, HR, etc.);
- Information Technology (IT) expenses associated with a property and rent-tracking database and maintenance of computer hardware and software;
- Legal costs to support enforcement and defense of legal challenges to the Rent Ordinance;
- Costs of education and outreach, including the printing and distribution of print materials and hosting of community workshops and seminars;
- Contracts for translation and other professional services;
- Mileage and attendance at conferences and trainings; and,
- An operating reserve to fund unanticipated costs and variations in collection of the Rental Housing Fee.

ITEM G-1

Staff members recommend the Board continue to utilize a tiered-fee approach to the Fiscal Year 2019-20 Rental Housing Fee to ensure the requirements of Section 50076 of the California Government Code are met.

Table 1 contains the fees corresponding to the proposed Fiscal Year 2020-21 budget.

Table 1. Fiscal Year 2020-21 Proposed Budget and Rental Housing Fees

		Proposed for FY 2020-21	Change from FY 2019-20
TOTAL EXPENDITURES:¹		\$2,896,242	-\$27,342 (-1%)
Fully Covered Units²	7,433	\$219	\$7 (3.3%)
Partially Covered Units (including subsidized units)³	10,251	\$124	\$12 (10.7%)
TOTAL REVENUE⁴:		\$2,898,951	-\$38,257 (-1%)

The proposed Rental Housing Fees represent a 3.3 percent increase for Fully Covered Rental Units and a 10.7 percent increase for Partially Covered Rental Units. The table below compares the proposed Fiscal Year 2020-21 Rental Housing Fee to prior year fees.

Table 2. Comparison of Proposed Fiscal Year 2020-21 Rental Housing Fee to Prior Year Fees

Fiscal Year	Fully Covered Rental Units	Partially Covered Rental Units	Governmentally Subsidized Rental Units
2017-18	\$145	\$145	\$145
2018-19	\$207	\$100	\$50
2019-20	\$212	\$112	\$112
2020-21 (Proposed)	\$219	\$124	\$124

Consideration of a 50% Pass Through of the Rental Housing Fee

In conjunction with the adoption of the Fiscal Year 2020-21 budget and Rental Housing Fee study, staff members recommend that the Board revisit the policy consideration of allowing Landlords who pay the Rental Housing Fee on time to pass through fifty

¹ Total expenditures include a 17% operating reserve (the minimum recommended by the GFOA)

³ Includes suspected Partially Covered rental units

percent (50%) of the Rental Housing Fee to Tenants in monthly installments. Such policies are commonplace in peer rent control jurisdictions and provide an equitable means by which Tenants and Landlords can share the costs of a program that ultimately benefits the community at-large. If the Board determines that such a pass through policy is advisable, staff members recommend that the Board adopt a simple policy to minimize administrative complexities that could ultimately result in an increase in the Rental Housing Fee. Table 3 shows the financial implication of such a policy on Richmond Landlords and Tenants.

Table 3. Proposed 50% Pass Through Amount to Landlords and Tenants

	Fully Covered Rental Units	Partially Covered Rental Units

Possible Pass-Through Amount After Timely Payment (50%)	\$109.50	\$62
Monthly Cost to Tenant	\$9.13	\$5.20

Conclusion and Proposed Actions

The proposed 2020-21 budget reflects the short and long-term goals of the Rent Program; that is, to create an actively enforced program that effectively serves empowered and knowledgeable community members. The Fiscal Year 2020-21 Fee Study will allow the Rent Program to recover costs of all budgeted operations in a manner consistent with Section 50076 of the California Government Code with modest increases in the Rental Housing Fees for Landlords.

The recommendations put forth by staff for consideration by the Rent Board are as follows:

- Staff members recommend that the Board receive the projections and recommendations put forth by Kevin Harper CPA and Associates;
- Adopt the proposed Fiscal Year 2020-21 Budget to provide the support necessary for continued development of all Rent Program operations;
- Approve the Fiscal Year 2020-21 Rental Housing Fee Study;

⁵ Note that these figures are meant to illustrate that Landlords who pay the Rental Housing Fee to the Rent Program on time and in full would be able to collect up to 50% of the Rental Housing Fee from the Tenant in monthly installments. The proposed policy would not relinquish Landlords of the obligation to pay the Rent Program the entire Rental Housing Fee by the due date.

ITEM G-1

- Direct staff to prepare a regulation that would allow Landlords who timely pay the Rental Housing Fee to pass through fifty percent (50%) of the Rental Housing Fee to Tenants in monthly installments; and
- Recommend to the City Council adoption of a two-tier fee structure of \$219 for Fully Covered Rental Units and \$124 for Partially Covered Rental Units, including Governmentally Subsidized Rental Units.

I. RENT PROGRAM ORGANIZATION AND GOALS

Mission Statement

The mission of the Rent Program is to promote neighborhood and community stability, healthy housing, and affordability for Richmond tenants through the regulating of those landlord/tenant matters that reasonably relate to rents and evictions, while maintaining a landlord’s right to a fair return.

Proposed Fiscal Year 2020-21 Organizational Chart and Labor Summary

The Richmond Rent Program was established following the adoption of the Fair Rent, Just Cause for Eviction, and Homeowner Protection Ordinance (Rent Ordinance) by a majority of Richmond voters in 2016. In accordance with the Rent Ordinance, an Executive Director appointed by a five-member Rent Board comprised of Richmond residents leads the Rent Program. No more than two members of the Rent Board may own or manage rental property or act as realtors.

The following figures illustrate the how the proposed staffing plan for the upcoming year compare to prior years. Figure 1 contains the proposed organizational chart for the 2020-21 fiscal year, and Figures 2 and 3 provide a summary of filled full-time equivalents (FTEs) since Fiscal Year 2018-19.

Progress Towards the Achievement of Fiscal Year 2019-20 Goals

As part of the Fiscal Year 2019-20 Rent Program budget development process, staff members identified a series of goals, for which the proposed Fiscal Year 2020-21 budget would support. Table 1, on the following page, provides a status update on the goals established for the 2019-20 fiscal year.

Table 1. Progress towards achievement of Fiscal Year 2019-20 goals

Fiscal Year 2019-20 Goal	Progress Towards Achievement
Continue to invest resources in staff training, particularly for the Rent Program Services Analysts, to ensure staff members are knowledgeable on the requirements of the Rent Ordinance, Rent Board Regulations, and related State and Federal laws	Complete. Formal trainings on special topic areas, such as the Maintenance of Net Operating petition process, the Relocation Ordinance, and AB 1482 were provided to Rent Program Services Analysts, in addition to several informal trainings provided throughout the year.
Launch the formal mediation program	Nearly complete. With mediation guidelines and administrative procedures in place, staff members are currently assessing the bandwidth of the Public Information Unit to determine how many mediations may be scheduled per month.
Continue to develop an online filing system for the submission of Property Enrollment and Tenancy Registration forms, as well as the filing of rent increase and termination of tenancy notices on the City's e-trakit website	Progress is ongoing. Online submission of forms and notices has yet to be fully launched; staff members anticipate systems will continue to be developed in the 2020-21 fiscal year.
Publicize the Guide to Rent Control in Richmond and develop one-page fact sheets on common topics such as Just Cause for Eviction, Owner Move-In evictions, the Ellis Act, and the Relocation Ordinance	Nearly Complete. The Guide to Rent Control has been completed and is slated to be distributed to Landlords and Tenants concurrent with the mailing of Rent Validation Reports for fully-covered rental units. Landlords and Tenants of partially-covered rental units are anticipated to receive the Guide to Rent Control as well, in the absence of a Rent Validation Report.
Expand education efforts to target specific groups, such as (but not limited to) Tenants and providers of affordable housing, realtors, and monolingual Spanish-speaking households	Progress is ongoing. During FY 2019-20, the Executive Director and Deputy Director presented to Richmond's various Neighborhood Councils, as well as special interest groups such as the Point Richmond Business Association. Focus groups held entirely in Spanish were conducted for the proposed Owner Move-In regulations. The Executive Director is currently developing an outreach strategy to conduct site visits and make connections with local businesses, churches, and community centers.
Develop systems to produce Notices of the Maximum Allowable Rent (MAR) (sent to Landlords and Tenants when Tenancy Registration Forms are submitted), including a database accessible to the public where community members can research the MAR for a particular rental unit	Nearly complete. More than half of all rent-controlled tenancies have been registered to date; however, thousands of forms still need to be entered into the database. Billing and Registration unit staff are working closely with the City's IT department staff to develop notices that can be automatically generated and mailed to Landlords and Tenants to educate them about the Maximum Allowable Rent for their specific unit. It is anticipated these forms will begin to be sent out during the 2020-21 fiscal year.

City of Richmond Rent Program
FY 2020-21 Budget and Rental Housing Fee Study

Fiscal Year 2019-20 Goal	Progress Towards Achievement
Improve collection of the Rental Housing Fee (greater than 80% compliance) to build up the Rent Program's reserves	Complete. More Rental Housing Fee revenue has been collected during the 2019-20 fiscal year than in any other year. Revenue projections predict 89% of budgeted revenue will be collected by the close of the fiscal year.
Continue to work collaboratively with other City departments to improve rental housing inspection options, seismic safety policy, enforcement of the Relocation Ordinance, and the collection of other City fees, such as the Business License Tax, Fire Prevention Services Fee, and Rental Inspection Program fee	Progress is ongoing. Rent Program staff continue to host monthly meetings with the Richmond Police Department, Code Enforcement, Richmond Housing Authority, and Community Development Department to foster open communication about issues pertaining to the Rent Ordinance. Staff also implemented several systems during the 2019-20 fiscal year to improve compliance with payment of City fees, such as automatic triggers in the database of Rental Units to alert staff when rental business licenses are issued. These systems allow staff to ensure properties with residential rental business licenses are included in the database of rental units in the City.
Continue to develop and refine the City's first comprehensive database of Rental Units, which provides benefits City-wide, in the form of fee collection, communication, and property information	Progress is ongoing. The Rent Program continues to invest significant staff resources in database verification and development. Enrollment and tenancy registration processes continue to be central to the creation of an accurate database. Targeted efforts were made during the 2019-20 fiscal year to identify rental units absent from the database through review of online rental listing sites. In addition, staff conducted targeted outreach to large complexes (such as condominium complexes in Marina Bay) to identify rental units.

Proposed Fiscal Year 2020-21 Goals

The proposed Fiscal Year 2020-21 budget has been prepared for the Board's consideration in acknowledgement of the following goals in three broad categories: Program Development, Outreach, and Program Sustainability and Compliance.

3. **Continue to develop an online filing system for the submission of Property Enrollment and Tenancy Registration forms**, as well as the filing of rent increase and termination of tenancy notices on the City's e-trakit website.

OUTREACH:

1. **Publicize the Guide to Rent Control in Richmond and develop one-page fact sheets** on common topics such as Just Cause for Eviction, Owner Move-In evictions, the Ellis Act, and the Relocation Ordinance.
2. **Develop a Comprehensive Outreach Plan** that includes, but is not limited to, continuing to bolster our social media presence, producing informational, infographic, and/or testimonial videos to highlight aspects of the Rent Ordinance and services provided by the Rent Program and expanding outreach efforts to local businesses, schools, non-profits, neighborhood councils, and other community stakeholders.
3. **Launch Tenancy Registration Outreach** by beginning to mail out Notices of the Maximum Allowable Rent (MAR) (sent to Landlords and Tenants when Tenancy Registration Forms are submitted), and create a database accessible to the public where community members can research the MAR for a particular rental unit.

3. **Implement more stringent exemption verification processes** to require that claims of non-applicability or exemption are fully investigated and approved or denied by Rent Program staff (or the Rent Board, in the event of an appeal).

² Miscellaneous benefits refer to the employer portion of CalPERS pension costs for miscellaneous (non-sworn) staff. CalPERS costs are remitted in two parts—one being a percentage of payroll each pay period (object code 400149) and the other being a flat dollar amount per FTE for the unfunded liability (object code 400151). - **Administrative Charges (previously referred to as “Indirect Costs”)** are allocated to City Departments to reimburse the General Fund for administrative services performed by central service departments (e.g. Information Technology (IT), Human Resources, Finance Department, City Manager, City Attorney, City Clerk, and City Council. Allocations are determined in the City’s Cost Allocation Plan (CAP) which is conducted by an external consultant on a periodic basis. Since the Rent Program was not included in the most recent Cost Allocation Plan since it was completed prior to 2017, the City Manager’s Office was used as the basis for the original figure. The City anticipates conducting a new CAP in the near future, and as such, the cost of these charges may increase or decrease depending on the consultant’s findings. The cost allocated in the budget is \$52,481.
- **Civic Center Allocation** refers to the cost of space at 440 Civic Center Plaza. The cost of this space is based on the percentage of total occupied square footage at City Hall.

City of Richmond Rent Program
FY 2020-21 Budget and Rental Housing Fee Study

This percentage is then applied to the total annual debt service. Based on the most recent assessment, conducted in 2017, the Rent Program is presumed to occupy 0.9% of the total square footage at City Hall. Since the Rent Program's square footage has increased each year since 2017, the budgeted allocation has increased accordingly. The City anticipates conducting a new assessment in the near future, and as such, the cost of these charges may increase or decrease depending on their findings. The cost allocated in the budget is \$47,964.

NONCAPITAL ASSETS	
400601 Computer Hardware Less Than \$5,000	Proposed Allocation: \$1,100

The allocation covers the cost of one additional desktop computer setup for the front desk, at an estimated cost of \$1,100.

DRAFT

III. EXPENSE AND REVENUE SUMMARY

Overview

In accordance with the Rent Ordinance, the Rent Program’s budget is funded by a Residential Rental Housing Fee, paid by all Richmond Landlords.³ Table 2, below, contains a summary of funds expended and collected for departmental operations since the Program’s establishment in 2017. The discrepancy in the percentage of revenue collected in the current Fiscal Year 2018-19, compared to Fiscal Year 2017-18, is due in large part to the delays imposed by the Property Enrollment and Tenancy Registration project, which was required to generate accurate invoices with tiered fees. Collection efforts for all assessed fees are ongoing. In 2019, the Rent Board entered into a contract with a collection services agency to recover unpaid fees. To date, the agency has collected approximately \$20,000 in outstanding fee revenue. This figure is expected to grow as collection efforts continue.

Financial Projections and Recommendations

In February 2019, the Rent Program entered into a contract with Kevin W. Harper CPA and Associates to prepare 10-year financial projections for the Rent Program and issue recommendations in support of the agency’s goal of achieving long-term financial stability. These projections and CPA recommendations are provided in Appendices B and C, respectively, of this report.

³ At their meeting on December 20, 2017, Rent Boardmembers approved a [Reimbursement Agreement](#) between the Rent Board and City of Richmond to repay funds advanced by the City for program startup.

⁴ Includes the Fiscal Year 2016-17 Rental Housing Fee (December 2016 – June 2017)

⁵ This figure includes revenue collected in Fiscal Year 2017-18 for both the Fiscal Year 2016-17 and Fiscal Year 2017-18 fees.

⁶ This figure represents projected total expenses through the end of the 2019-20 fiscal year.

IV. FISCAL YEAR 2019-20 RENTAL HOUSING FEE STUDY

Introduction and Background

Section 11.100.060(l)(1) of the Fair Rent, Just Cause for Eviction, and Homeowner Protection Ordinance (“Rent Ordinance”) provides all Landlords shall pay a Residential Rental Housing Fee to fund the Rent Program budget. The amount of the Rental Housing Fee is annually established by the Richmond Rent Board and approved by the City Council.

Under Section 50076 of the California Government Code, fees charged for any service or regulatory activity must not exceed the reasonable cost of providing the service. Those fees must be approved by the City Council, as the legislative body, in public session.

The fee study is designed to allow the Rent Program Department to recover costs of all budgeted operations, including, but not limited to:

- Personnel costs of staff, benefits, and overtime;
- Risk management and supplemental liability insurance plan (SLIP);
- Charges allocated to City Departments to reimburse the General Fund for administrative services by central service departments (i.e. City Council, City Manager, City Attorney, City Clerk, Finance, HR, etc.);
- Information Technology (IT) expenses associated with a property and rent-tracking database and maintenance of computer hardware and software;
- Legal costs to support enforcement and defense of legal challenges to the Rent Ordinance;
- Costs of education and outreach, including the printing and distribution of print materials and hosting of community workshops and seminars;
- Contracts for translation and other professional services;
- Mileage and attendance at conferences and trainings; and,
- An operating reserve to fund unanticipated costs and variations in collection of the Rental Housing Fee.

Structure of the Rental Housing Fee

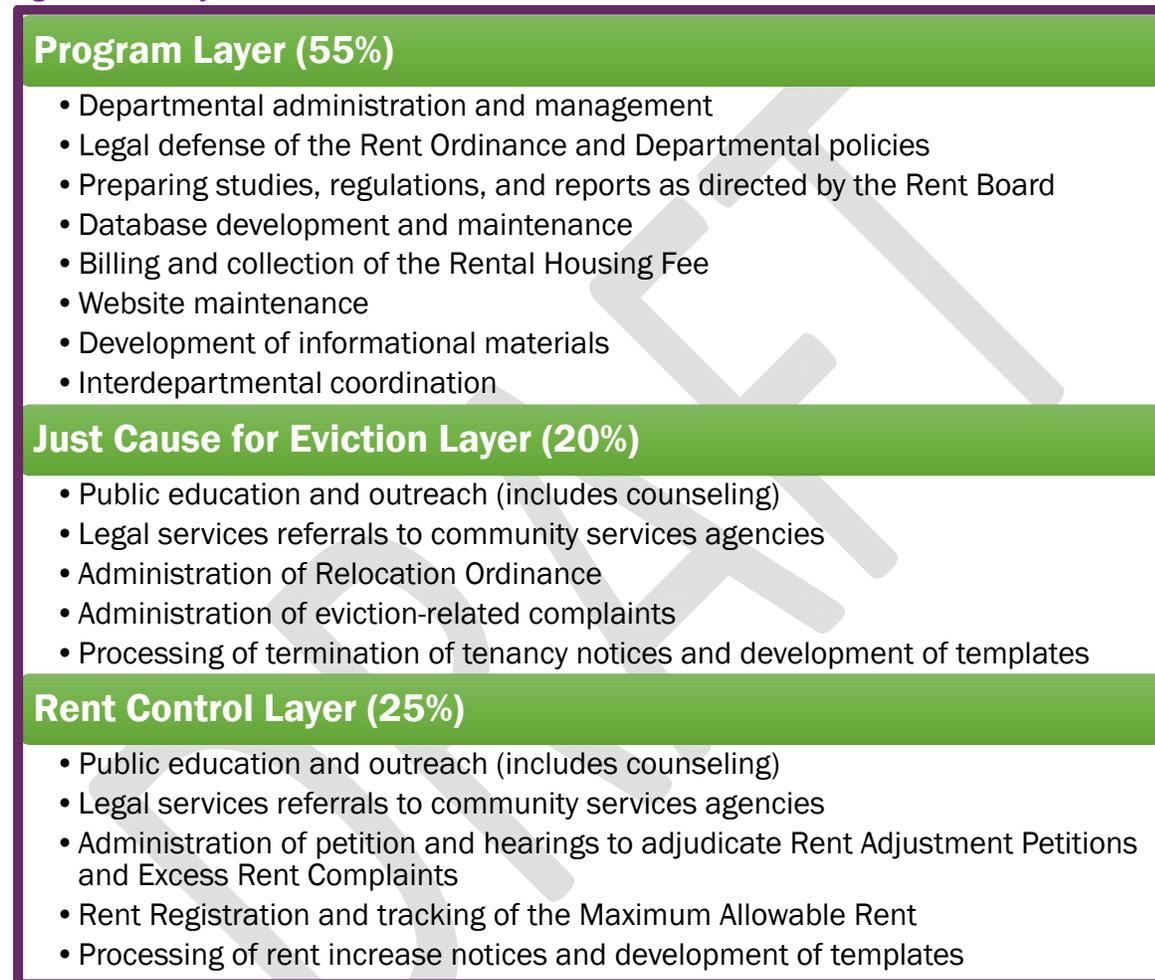

Consistent with direction from the Rent Board in 2017, its first year of existence, the FY 2016-17 and FY 2017-18 Rental Housing Fees were established as “flat fees,” applicable to all units regardless of partial or full applicability under the Rent Ordinance. This approach was utilized during the first 1.5 years of program startup since the tasks and associated benefits of Departmental startup were reasonably shared among rental units regardless of status.

For the 2018-19 Fiscal Year, the Rent Board adopted a tiered fee, much like that contemplated in the [2017 Fee Study](#) prepared by Management Partners. Under this approach, costs of program administration are allocated among three components or layers: a general “program” layer (calculated at 55% of costs), a “just cause” layer (20% of total

City of Richmond Rent Program
FY 2020-21 Budget and Rental Housing Fee Study

costs), and a “rent control” layer (25% of costs).⁹ Such allocations correspond with the amount of resources spent administering each component of the program. Staff members recommend the Board continue to utilize a tiered-fee approach to the Fiscal Year 2019-20 Rental Housing Fee to ensure the requirements of Section 50076 of the California Government Code are met. The figure on the following page illustrates this concept and identifies key example tasks associated with each program component. This list is not exhaustive; the tasks below are identified for illustrative purposes only.

Figure 2. Fee Layers and Associated Tasks

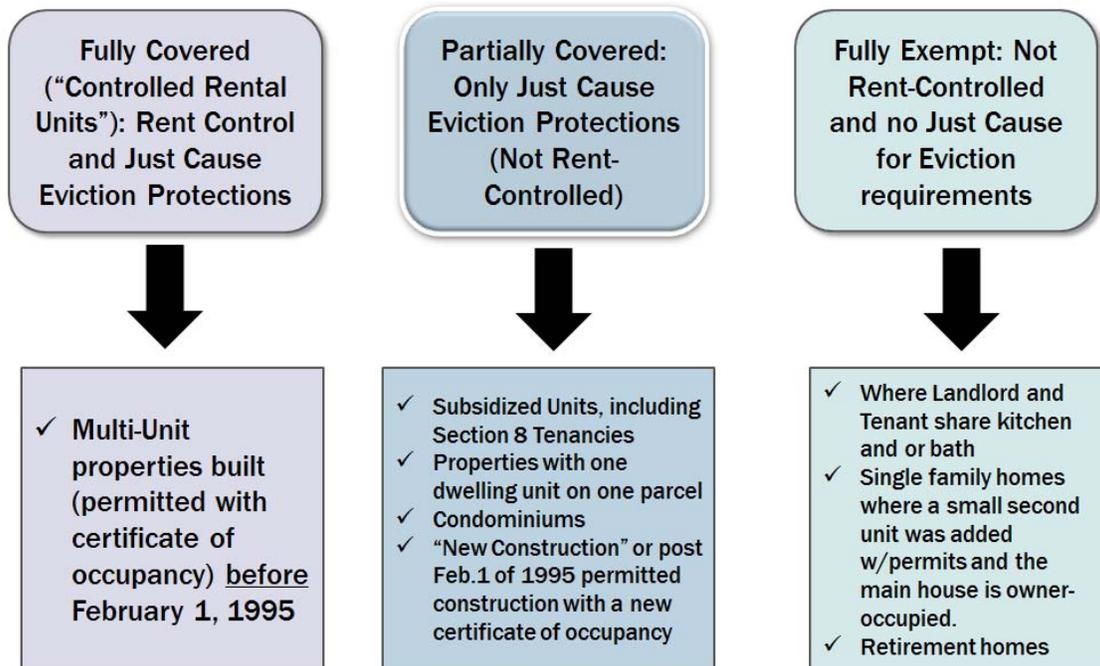

The amount of the Rental Housing Fee applicable to a particular Rental Unit depends on its status. Units applicable to the Just Cause for Eviction requirements, but exempt from the Rent Control provisions of the Ordinance (such as single family homes, governmentally-subsidized units, condominiums, and recently constructed units), are responsible for payment of Program and Just Cause for Eviction layers. Units subject to the Just Cause for Eviction and Rent Control provisions of the Rent Ordinance would be responsible for payment of all three layers. Units that are fully exempt from the Rent Ordinance are not

⁹ With the exception of legal services, which are allocated 9% to the Program Layer, 74% to the Just Cause for Eviction Layer, and 17% to the Rent Control Layer.

City of Richmond Rent Program

responsible for payment of the Rental Housing Fee. Figure 3, below, identifies the types of units within each of these categories.

Figure 3. Fully Covered, Partially Covered, and Fully Exempt Rental Units

Applicable Unit Counts and Database Development

The number of applicable Rental Units within each category is a critical input in the calculation of the Rental Housing Fees for partially and Fully Covered units. The Fiscal Year 2016-17 and Fiscal Year 2017-18 Fee Study utilized data provided by the Contra Costa County Assessor's Office to identify suspected Rental Units. While County Assessor data may be used to arrive at an estimated number of total rental units, it cannot produce an exact figure. Nevertheless, County Assessor data was the best and most readily available data at the time of the Fiscal Year 2016-17 and Fiscal Year 2017-18 Fee Study.

Since the first iteration of the Rental Housing Fee Study in Fiscal Year 2017-18, staff have continued to refine the database of Rental Units in the City of Richmond, most notably through the completion of an exemption verification project of single family homes in the City to accurately identify units that are truly rented. This project involved mailing an introductory letter and policy information to all single family homes and condominiums possessing one of the following characteristics in the County Assessor database:

- (1) No Homeowner's Tax Exemption was claimed
- (2) The site address of the property did not match the owner on record's mailing address

Approximately 15,500 properties met the above criteria. To confirm applicability to the Rent Ordinance, Rent Program staff members mailed information about the requirements of the Rent Ordinance to all owners of property that met the criteria above. Owners of properties in

the City of Richmond that did not contains any Rental Units (for example, owners of condominiums that are owner-occupied) were required to complete and submit a Declaration of Owner Occupation and/or Exemption form and submit documentation to allow staff members to approve the exemption. Rent Program staff members received and processed approximately 1,700 Declaration of Owner Occupation and/or Exemption forms.

Additional sources of data, including the identification of rental units not identified in the previous fee study, include:

- Rental Units enrolled in the Rent Program online at www.richmondrent.org/enroll
- Rental Units identified by the Rental Inspection Program
- Rental Units participating in the Section 8 Housing Choice Voucher Program
- Rental Units with an active business license
- Rental Units in subsidized housing developments, such as those built with Low Income Housing Tax Credits (LIHTC), based on the [inventory of deed-restricted affordable housing](#) prepared by Rent Program staff members in 2017
- Unknown Rental Units identified through Tenant inquiries to the Rent Program Department

Since the adoption of last year's Rental Housing Fee, staff members have continued to refine the database of Rental Units through processing of Property Enrollment and Owner Declaration forms. These processes have unveiled a significant number of suspected rental units that are not truly rented, decreasing the total number of applicable rental units among which the Rent Program budget is divided to calculate the Rental Housing Fee. For example, the processing of Property Enrollment forms has unearthed many multifamily properties where an owner may occupy one unit. In such case, the status of a unit would be changed from "Compliant" or "Noncompliant" [Partially or Fully-Covered Rental Unit] to "Owner Occupied." The table on the following page summarizes these changes as of March 9, 2020.

City of Richmond Rent Program
FY 2020-21 Budget and Rental Housing Fee Study

Table 6, below, compares the proposed Rental Housing Fee to fees in other jurisdictions with rent programs in the state of California. This table calculates a per unit cost of administration, revealing that of California's actively enforced programs, Richmond's per unit cost is the lowest. Yet while Richmond's proposed fees are lower than those charged in peer jurisdictions with actively enforced rent programs, it is important to consider that Richmond's median rental rates are also less than those in peer rent control jurisdictions.

¹⁶ "Applicable rental units" refers to the number of units subject to the Rental Housing Fee in each case study jurisdiction.

¹⁷ Source: Zillow Rent Index (ZRI): A smoothed measure of the typical estimated market rent across a given region and housing type. ZRI, which is a dollar-denominated alternative to repeat-rent indices, is the mean of rent estimates that fall into the 40th to 60th percentile range for all homes and apartments in a given region, including those not currently listed for rent.

¹⁸ Pass-through only applies to tenancies that began prior to January 1, 1999.

¹⁹ Budget includes total operating expenses and does not include \$329,624 of "non-operating expenses," including a capital improvement project and annual PERS loan payment.

²⁰ West Hollywood's Rent Program receives support from the City's General Fund, and the \$144 fee allows the program to recover 65% of total costs. The program would need to collect \$221 per unit to achieve 100% cost recovery.

Consideration of a 50% Pass Through of the Rental Housing Fee

In conjunction with the adoption of the Fiscal Year 2020-21 budget and Rental Housing Fee study, staff members recommend that the Board revisit the policy consideration of allowing Landlords who pay the Rental Housing Fee on time to pass through fifty percent (50%) of the Rental Housing Fee to Tenants in monthly installments. As shown in Table 6, such policies are commonplace in peer rent control jurisdictions and provide an equitable means by which Tenants and Landlords can share the costs of a program that ultimately benefits the community at-large. If the Board determines that such a pass through policy is advisable, staff members recommend that the Board adopt a simple policy to minimize administrative complexities that could ultimately result in an increase in the Rental Housing Fee. Table 7 shows the financial implication of such a policy on Richmond Landlords and Tenants.

Table 7: Proposed 50% Pass Through Amount to Landlords and Tenants

	FULLY COVERED RENTAL UNITS	PARTIALLY COVERED RENTAL UNITS
Proposed FY 2020-21 Fee	\$219	\$124
Landlord Pays²¹	\$219	\$124
Possible Pass-Through Amount After Timely Payment (50%)	\$109.50	\$62
Monthly Cost to Tenant	\$9.13	\$5.20

²¹Note that these figures are meant to illustrate that Landlords who pay the Rental Housing Fee to the Rent Program on time and in full would be able to collect up to 50% of the Rental Housing Fee from the Tenant in monthly installments. The proposed policy would not relinquish Landlords of the obligation to pay the Rent Program the entire Rental Housing Fee by the due date.

Conclusion and Recommended Actions

The proposed 2020-21 budget reflects the short and long-term goals of the Rent Program; that is, to create an actively enforced program that effectively serves empowered and knowledgeable community members. The Fiscal Year 2020-21 Fee Study will allow the Rent Program to recover costs of all budgeted operations in a manner consistent with Section 50076 of the California Government Code with modest increases in the Rental Housing Fees for Landlords.

The recommendations put forth by staff for consideration by the Rent Board are as follows:

- Staff members recommend that the Board receive the projections and recommendations put forth by Kevin Harper CPA and Associates;
- Adopt the proposed Fiscal Year 2020-21 Budget to provide the support necessary for continued development of all Rent Program operations;
- Approve the Fiscal Year 2020-21 Rental Housing Fee Study;
- Direct staff to prepare a regulation that would allow Landlords who timely pay the Rental Housing Fee to pass through fifty percent (50%) of the Rental Housing Fee to Tenants in monthly installments; and
- Recommend to the City Council adoption of a two-tier fee structure of \$219 for Fully Covered Rental Units and \$124 for Partially Covered Rental Units, including Governmentally Subsidized Rental Units.

Ms. Paige Roosa
Deputy Director
City of Richmond Rent Program
440 Civic Center Plaza, Suite 200
Richmond, CA 94804

Dear Ms. Roosa:

The Rent Program engaged me to:

1. Develop and present a ten-year financial projection of revenues, expenditures and reserves for the Rent Program, including consideration of the historical rate of collection of the Rental Housing Fee and assumptions for future collection rates.
2. Provide recommendations on how to meet the Rental Program's goal of building 17% operating reserves by the close of the 2020-21 fiscal year, and how best to achieve long-term financial stability in a manner that is consistent with all applicable laws and regulations including but not limited to Section 50076 of the California Government Code.
3. Provide recommendations regarding financial and budgetary "best practices" to be utilized by the Rent Board and Rent Program staff members, specifically as it relates to the preparation of an annual budget and fee study for approval by the Rent Board.

During the project, I reviewed relevant Rent Board and City of Richmond documents, gained an understanding management's goals and concerns, researched relevant best practices, and participated in working meetings to develop projection assumptions.

The ten-year financial projection is include as Attachment I. Following are my observations and recommendations:

FINANCIAL STABILITY RECOMMENDATIONS

1. Maximizing revenue

A significant challenge for the Rent Program is identifying all units that are subject to the Rental Housing Fee. To date, units have been identified by sending postcards to occupants of units, crosschecking list of units with other City programs, and obtaining information from the City Planning Division. Although not

20885 Redwood Road, Castro Valley, CA 94546
(510) 593-5037 kharper@kevinharpercpa.com

definitively known at this time, Rent Program staff believe as much as 25% of partially covered units may not yet be identified and billed. If partially covered units increased by 25% (~2500 units), revenue would increase by approximately \$1 million per year. The Rent Program should expand efforts to identify additional units by performing regular review of Zillow and other online rental platforms. Additionally, tenants, landlords and other stakeholders should be regularly encouraged to help identify units that should be in the program.

2. Inflationary increase for Rental Housing Fee

The City includes an inflationary increase in most of its fees when it adopts its Master Fee Schedule each year. It determines the percentage increase based on the Employment Cost Index from the US Bureau of Labor Statistics. The Rent Board does not include inflationary increases for its fees. Large increases every few years are harder than smaller increases every year for both the Rent Board and the landlords. A steady planned increase in the fee allows planning by both parties, is consistent with the Rent Board's need to match revenues and expenditures, and is logical to landlords. In years when an inflationary increase is not adequate to meet the Rent Board's needs, then it will be easy to identify to stakeholders what the additional costs are for.

The Rent Board should consider increasing fees each year based on an inflationary estimate. Staff should investigate the legal and political issues before adopting.

3. Reserve policy

The Government Finance Officers Association (GFOA) recommends that governments should maintain a prudent level of financial reserves to protect against reducing service levels or raising fees because of temporary revenue shortfalls or unpredicted one-time expenditures. Reserve funds may be used at the Rent Board's discretion to address temporary cash flow shortages, emergencies, unanticipated economic downturns, and one-time opportunities.

The Rent Board should adopt a Reserve Policy that addresses the following:

- The purpose for the reserve funds
- Under what circumstances the reserve funds may be used
- The amount of the reserve funds, including how the amount was determined and the minimum and maximum reserve levels
- How and when reserve funds are initially built
- How and when the reserves will be replenished after they are fully or partially used

Regarding the appropriate amount of reserves, GFOA recommends:

The adequacy of [reserves] should take into account each government's own unique circumstances. For example, governments that may be vulnerable to natural disasters, more dependent on a volatile revenue source, or potentially subject to cuts in state aid and/or federal grants may need to maintain a higher level in the unrestricted fund balance. Articulating these risks in a fund balance policy makes it easier to explain to stakeholders the rationale for a seemingly higher than normal level of fund balance that protects taxpayers and employees from unexpected changes in financial condition. Nevertheless, GFOA recommends, at a minimum, that general-purpose governments,

regardless of size, maintain unrestricted budgetary fund balance...of no less than two months of regular ... operating revenues or ... operating expenditures.

Via discussions with Rent Program management, it has been determined that 17% minimum reserve is an acceptable target. We discussed worst case scenario estimates of revenue losses during an economic downturn and determined that such level of reserves would allow time for the Rent Program to identify the downturn and the Rent Board time to make decisions to cut expenses to match the new level of revenue. 17% of annual expenditures equates to approximately \$470,000.

The reserve level is \$55,339 at June 30, 2019. As shown in the ten-year projection at Attachment I, fiscal year 2019-20 is expected to end with a \$319 thousand surplus and fiscal year 2020-21 with a \$134 thousand surplus. Accordingly, it appears that the Rent Program can fund its reserves by June 30, 2021.

The Reserve Policy should clarify what action the Board and senior management will take when revenues decline due to recession or conversion/reduction in the number of applicable units. Without such plan, it may take too long to adjust service offerings and expenses to match the decline in revenues, thereby causing unneeded financial stress.

The City's financial system has the capability to set up a separate account within the fund balance group of accounts for reserves. The Rent Program should work with Accounting to set this up. This will allow the Rent Program to track the amount of reserves at any moment, to assure that the City agrees with the amount of reserves available, and allows easy proof of compliance with the new reserve policy.

4. Fee policy

The Rent Board should adopt a policy that identifies the manner in which fees are established, billed and collected. Stakeholders should be given an opportunity to provide input into formulation of this policy via one or more community budget workshops. This will increase community understanding and support for the program, and allow management to better understand the needs and concerns of its stakeholders. Costs of service include direct and indirect costs such as operating and maintenance costs, City overhead allocations, and charges for use of capital (depreciation and debt service). State and local laws governing the establishment of fees should be identified in the policy.

The Fee Policy should also address:

- How penalties and interest are determined and billed
- The process for increasing (or decreasing) fees
- Require fee study to demonstrate the need for the amount of fees collected. See recommendation #11 below.
- Identify the process for determining that a unit is eligible for exemption, including required documentation

The Fee Policy should be supplemented with related written procedures. GFOA recommends every government document its accounting procedures "...as an essential component of a comprehensive framework of internal controls." Documentation of comprehensive accounting procedures will allow:

- Management to understand and evaluate whether procedures provide adequate internal controls and mitigation of risks
- Employees to review and revise procedures as circumstances, laws, technology and accounting standards change
- Internal and external auditors to assess the adequacy of the Rent Program’s internal controls
- New employees to be trained to provide consistent service and quality upon staff turnover

5. City allocations

The City allocates the cost of providing shared services (e.g., accounting, human resources, information technology, legal, insurance, facilities, management) to all City departments. For fiscal year 2018-19, the amounts charged to the Rent Program were:

City Pool/(ISF)-Gen Liab	\$91,262
City Pool/(CAP)-Admin Charges	51,452
City Pool/(IND)-Civic Ctr Alloc	<u>47,024</u>
	<u>\$189,738</u>

Since the Rent Program is essentially an independent agency rather than a City departments, it is possible that it is being charged for City services that are not utilized. For example, if the City allocations include legal costs, the fact that the Rent Program hires its own attorneys may not have been adequately contemplated in the allocations.

Rent Program staff should work with Accounting to understand how the indirect costs are calculated and allocated, and then should determine whether the amounts being charged to the Rent Program are reasonable. If not, begin negotiations with the City for relief from the allocations.

6. Comparisons to peers

There are rent programs in other communities that face similar challenges and opportunities as the Richmond Rent Program. There are many benefits of sharing learnings and non-confidential information with these other programs. Examples of topics that the Rent Program might benefit from shared knowledge includes (a) expected impact on revenue when an economic downturn is predicted, (b) how to identify units subject to the housing fee, (c) staff composition and compensation, (d) cost of operations, (e) stakeholder communications. The Rent Program should identify a few similar rent programs and build a community to share learnings.

BUDGET RECOMMENDATIONS

7. Budget policy

The Rent Program does not have its own budget policy. Although the City has a budget policy, it is not applicable to the Rent Board’s budget adoption process because the Rent Ordinance gives authority to the Rent Board to adopt the Rent Program’s budgets. The GFOA recommends that governments follow the National Advisory Council on State and Local Budgeting (NACSLB) framework. This framework states that “the mission of the budget process is to help decision makers make informed choices about the

provision of services and capital assets and to promote stakeholder participation in the process.” The framework can be found at https://www.gfoa.org/sites/default/files/NACSLB_RecommendedBudgetPractices.pdf.

According to NACSLB, the budget process should accomplish the following:

- Involve stakeholders
- Identify stakeholder issues and concerns
- Obtain stakeholder support for the overall budgeting process
- Achieve stakeholder acceptance of decisions related to goals, services, and resource utilization
- Report to stakeholders on services and resource utilization, and serve generally to enhance the stakeholders’ view of government

The Rent Board should adopt a budget policy. This policy should cover at a minimum:

- Overview of budget process and purpose
- How stakeholder input is obtained
- The definition of a balanced budget
- Roles and responsibilities related to preparation, approval and managing the budget
- Quarterly financial reports showing budget vs. actual revenues and expenditures reviewed by senior management and the Rent Board
- Authorization needed to revise the budget (e.g., when can savings in one line item be used for another?)
- Legal level of budgetary control
- Key dates
- Whether unused appropriations lapse at year end or are automatically reappropriated
- Limit the use of one-time revenues for ongoing expenditures

The Budget Policy should be supplemented with related written procedures that describe what tasks individual employees perform to accomplish the Board’s policy, who is responsible for each task, what internal controls are to be followed and what forms will be used to document approvals and audit trails.

8. Budget format

The annual budget should be prepared following account titles and account numbers in the City’s chart of accounts in order to facilitate recording the budget in the financial system. The budget should be broken down by quarters in order to facilitate preparation of quarterly financial reports that show budget vs actual revenues and expenditures.

Assumptions related to each budget line item should be documented during the budget preparation process. These assumptions should include:

- The rate of inflation assumed, how it was estimated, and what line items it was applied to
- The number of rental units anticipated and how estimated
- The percentage of fees expected to be collected and how estimated
- A list of all authorized staff positions and the expected salaries and benefits related to each
- Allocations of indirect costs from the City
- Expenses related to capital projects or new capital assets

- New contracts expected to be entered into
- Additions to reserves

Attachment II is a recommended sample budget format.

9. Ten-year projection

Long-term financial planning stimulates discussion about the financial impact of an organization's plans and objectives, and engenders a long-range perspective for decision makers. A multi-year financial projection is a tool to minimize financial challenges, stimulate long-term and strategic thinking, gain consensus on long-term financial direction, and communicate plans with internal and external stakeholders.

As part of this project, we assisted the Rent Program to develop the format and process for preparing a ten-year financial projection. See Attachment I for the ten-year financial projection document.

A key element of the projection document is that it is prepared the same way, and in the same level of detail as the annual budget. Projection assumptions are documented in the same way as are assumptions for the budget. The first year of the ten-year projection should become the first draft of the Rent Program's annual budget. The ten-year projection should be updated each year by adding an additional year of projection, reviewing and updating previous assumptions used, and considering new information or management plans.

10. Budget vs. actual quarterly report

A key element of an effective budget process is monitoring actual results against the budget throughout the year. This is done to allow management time to make adjustments if necessary to expenditures, policies or operations. The best way to monitor budget vs. actual results is to prepare a quarterly financial report that is reviewed by management and the Board. Although this budget vs. actual report is an internal management document, it should be reviewed by the Rent Board at a public meeting. Attachment III is a proposed format for the quarterly budget vs. actual financial report.

Key elements of this budget vs. actual report are:

- It is initially prepared at the same level of detail as the budget.
- Significant variances between budgeted and actual amounts are identified, explained and documented. Operating managers will frequently need to be consulted to understand the reasons for variances. It is important to quantify variances that are explained. It is better to thoroughly research and explain very large variances than to do a more cursory explanation of many variances. The variances should be documented on the budget vs. actual financial report.
- The line items of the budget vs. actual report can be rolled up to present less detail depending on the needs of each user. For example, you may want a one-page easy-to-read version for the Board, and may want all detail for a department manager. Whenever there is a rollup, it is important to keep a clear record of which account numbers roll up to which new categories to facilitate explanations and comparisons.

11. Fee study

California Government Code Section 50076 requires that governments charge fees in amounts commensurate with the costs necessary to provide the related services to the fee payers. The Rent Program demonstrates the reasonableness of its fees via calculations performed in a Fee Study. I reviewed the Rent Program's Fee Study, including the methodology used. The methodology and documentation appear reasonable. I have the following observations:

- The Rent Program's expenditures are allocated among three components or layers as follows: Program Layer 55%, Just Cause for Eviction Layer 20%, and Rent Control Layer 25%. Fully covered units pay the fee related to all three layers and partially covered units pay the fee related to the Program and Just Cause for Eviction layers only. The percentage of costs that are allocated to these layers is based on management estimate of the amount of time staff spend performing such tasks. The Rent Program should conduct a time study to determine and document that these percentages are accurate.
- A Fee Study is necessary to ensure that the fees charges to landlords are commensurate with the level of services provided. Such Fee Study is not required to be conducted every year. If there are no significant changes in the costs and fees from one year to the next (e.g., only inflationary increases), a Fee Study is not necessary. Most organizations update fee studies when fee increases are sought and otherwise every 3 to 5 years.

I would be pleased to discuss these recommendations in more detail or to assist with their implementation.

Sincerely,

Kevin W. Harper, CPA

STATEMENT OF THE ISSUE:

On March 4, 2020, California Governor Gavin Newsom issued Executive Order N-25-20, concerning the Coronavirus pandemic. Among other provisions, the Executive Order authorizes exceptions to how public meetings are typically conducted, such as, but not limited to, allowing public meetings to be conducted by teleconference, under specific circumstances. FISCAL IMPACT:

There is no fiscal impact related to this item at this time.

DISCUSSION:

Background

On March 4, 2020, California Governor Gavin Newsom issued Executive Order N-25-20, authorizing a local legislative body to hold public meetings via teleconferencing and to make public meetings accessible telephonically or other electronically to all members of the public seeking to attend and address the local legislative body during the period in which state or local public officials impose or recommend measures to promote social distancing, including but not limited to limitations on public events.

Executive Order N-25-20 Provisions Regarding Public Meetings

Executive Order N-25-20 states, in pertinent part:

“11. Notwithstanding any other provision of state or local law, including the Bagley-Keene Act or the Brown Act, a local legislative body or state body is authorized to hold public meetings via teleconferencing and to make public meetings accessible telephonically or otherwise electronically to all members of the public seeking to attend and to address the local legislative body or state body, during the period in which state or local public officials impose or recommend measures to promote social distancing, including but not limited to limitations on public events. All requirements in both the Bagley-Keene Act and the Brown Act expressly or impliedly requiring the physical presence of members, the clerk or other personnel of the body, or of the public as a condition of participation in or quorum for a public meeting are hereby waived.

In particular, any otherwise-applicable requirements that

- i. state and local bodies notice each teleconference location from which a member will be participating in a public meeting;
- ii. each teleconference location be accessible to the public;
- iii. members of the public may address the body at each teleconference conference location;
- iv. state and local bodies post agendas at all teleconference locations;
- v. at least one member of the state body be physically present at the location specified in the notice of the meeting; and
- vi. during teleconference meetings, a least a quorum of the members of the local body participate from locations within the boundaries of the territory over which the local body exercises jurisdiction

Are hereby suspended, on the conditions that:

- i. each state or local body must give advance notice of each public meeting, according to the timeframe otherwise prescribed by the Bagley-Keene Act or the Brown Act, and using the means otherwise prescribed by the Bagley-Keene Act or the Brown Act, as applicable; and
- ii. consistent with the notice requirement in paragraph (i), each state or local body must notice at least one publicly accessible location from which members of the public shall have the right to observe and offer public comment at the public meeting, consistent with the public's rights of access and public comment otherwise provided for by the Bagley-Keene Act and the Brown Act, as applicable (including, but not limited to, the requirement that such rights of

ITEM H-1

access and public comment be made available in a manner consistent with the Americans with Disabilities Act).

In addition to the mandatory conditions set forth above, all state and local bodies are urged to use sound discretion and to make reasonable efforts to adhere as closely as reasonably possible to the provisions of the Bagley-Keene Act and the Brown Act, and other applicable local laws regulating the conduct of public meetings, in order to maximize transparency and provide the public access to their meetings.”

The Rent Board exercises its powers and duties under the Rent Ordinance independent from the City Council, City Manager, and City Attorney, except by request of the Board (Section 11.100.060(m)). As such, staff members recommend that the Board determine how it plans to conduct its business in a manner that is sensitive to the health and safety of the Richmond community.

WHEREAS there is a need to secure numerous facilities to accommodate quarantine, isolation, or medical treatment of individuals testing positive for or exposed to COVID-19; and

WHEREAS, many individuals who have developmental disabilities and receive services through regional centers funded by the Department of Developmental Services also have chronic medical conditions that make them more susceptible to serious symptoms of COVID-19, and it is critical that they continue to receive their services while also protecting their own health and the general public health; and

WHEREAS individuals exposed to COVID-19 may be temporarily unable to report to work due to illness caused by COVID-19 or quarantines related to COVID-19 and individuals directly affected by COVID-19 may experience potential loss of income, health care and medical coverage, and ability to pay for housing and basic needs, thereby placing increased demands on already strained regional and local health and safety resources such as shelters and food banks; and

WHEREAS in the interest of public health and safety, it is necessary to exercise my authority under the Emergency Services Act, specifically Government Code section 8572, to ensure adequate facilities exist to address the impacts of COVID-19; and

WHEREAS under the provisions of Government Code section 8571, I find that strict compliance with various statutes and regulations specified in this order would prevent, hinder, or delay appropriate actions to prevent and mitigate the effects of the COVID-19 pandemic.

NOW, THEREFORE, I, GAVIN NEWSOM, Governor of the State of California, in accordance with the authority vested in me by the State Constitution and statutes of the State of California, and in particular, Government Code sections 8567, 8571 and 8572, do hereby issue the following order to become effective immediately:

IT IS HEREBY ORDERED THAT:

1. All residents are to heed any orders and guidance of state and local public health officials, including but not limited to the imposition of social distancing measures, to control the spread of COVID-19.
2. For the period that began January 24, 2020 through the duration of this emergency, the Employment Development Department shall have the discretion to waive the one-week waiting period in Unemployment Insurance Code section 2627(b)(1) for disability insurance applicants who are unemployed and disabled as a result of the COVID-19, and who are otherwise eligible for disability insurance benefits.
3. For the period that began January 24, 2020 through the duration of this emergency, the Employment Development Department shall have the discretion to waive the one-week waiting period in Unemployment Insurance Code section 1253(d) for unemployment insurance applicants who are unemployed as a result of the COVID-19, and who are otherwise eligible for unemployment insurance benefits.
4. Notwithstanding Health and Safety Code section 1797.172(b), during the course of this emergency, the Director of the Emergency Medical Services Authority shall have the authority to implement additions to local optional scopes of practice without first consulting with a committee of local EMS medical directors named by the EMS Medical Directors Association of California.
5. In order to quickly provide relief from interest and penalties, the provisions of the Revenue and Taxation Code that apply to the taxes and fees administered by the Department of Tax and Fee Administration, requiring the filing of a statement under penalty of perjury setting forth the facts for a claim for relief, are suspended for a period of 60 days after the date of this Order for any individuals or businesses who are unable to file a timely tax return or make a timely payment as a result of complying with a state or local public health official's imposition or recommendation of social distancing measures related to COVID-19.
6. The Franchise Tax Board, the Board of Equalization, the Department of Tax and Fee Administration, and the Office of Tax Appeals shall use their administrative powers where appropriate to provide those individuals and businesses impacted by complying with a state or local public health official's imposition or recommendation of social

distancing measures related to COVID-19 with the extensions for filing, payment, audits, billing, notices, assessments, claims for refund, and relief from subsequent penalties and interest.

7. The Governor's Office of Emergency Services shall ensure adequate state staffing during this emergency. Consistent with applicable federal law, work hour limitations for retired annuitants, permanent and intermittent personnel, and state management and senior supervisors, are suspended. Furthermore, reinstatement and work hour limitations in Government Code sections 21220, 21224(a), and 7522.56(b), (d), (f), and (g), and the time limitations in Government Code section 19888.1 and California Code of Regulations, title 2, sections 300-303 are suspended. The Director of the California Department of Human Resources must be notified of any individual employed pursuant to these waivers.
8. The California Health and Human Services Agency and the Office of Emergency Services shall identify, and shall otherwise be prepared to make available—including through the execution of any necessary contracts or other agreements and, if necessary, through the exercise of the State's power to commandeer property – hotels and other places of temporary residence, medical facilities, and other facilities that are suitable for use as places of temporary residence or medical facilities as necessary for quarantining, isolating, or treating individuals who test positive for COVID-19 or who have had a high-risk exposure and are thought to be in the incubation period.
9. The certification and licensure requirements of California Code of Regulations, Title 17, section 1079 and Business and Professions Code section 1206.5 are suspended as to all persons who meet the requirements under the Clinical Laboratory Improvement Amendments of section 353 of the Public Health Service Act for high complexity testing and who are performing analysis of samples to test for SARS-CoV-2, the virus that causes COVID-19, in any certified public health laboratory or licensed clinical laboratory.
10. To ensure that individuals with developmental disabilities continue to receive the services and supports mandated by their individual program plans threatened by disruptions caused by COVID-19, the Director of the Department of Developmental Services may issue directives waiving any provision or requirement of the Lanterman Developmental Disabilities Services Act, the California Early Intervention Services Act, and the accompanying regulations of Title 17, Division 2 of the California Code of Regulations. A directive may delegate to the regional centers any authority granted to the Department by law where the Director believes such delegation is necessary to ensure services to individuals with developmental disabilities. The Director shall describe the need justifying the waiver granted in each directive and articulate how the waiver is necessary to protect the public health or safety from the threat of COVID-19 or necessary to ensure that services to individuals with developmental disabilities are not disrupted. Any waiver granted by a directive shall expire 30 days from the date of its issuance. The Director may grant one or more 30-day extensions if the waiver continues to be necessary

to protect health or safety or to ensure delivery of services. The Director shall rescind a waiver once it is no longer necessary to protect public health or safety or ensure delivery of services. Any waivers and extensions granted pursuant to this paragraph shall be posted on the Department's website.

11. Notwithstanding any other provision of state or local law, including the Bagley-Keene Act or the Brown Act, a local legislative body or state body is authorized to hold public meetings via teleconferencing and to make public meetings accessible telephonically or otherwise electronically to all members of the public seeking to attend and to address the local legislative body or state body, during the period in which state or local public officials impose or recommend measures to promote social distancing, including but not limited to limitations on public events. All requirements in both the Bagley-Keene Act and the Brown Act expressly or impliedly requiring the physical presence of members, the clerk or other personnel of the body, or of the public as a condition of participation in or quorum for a public meeting are hereby waived.

In particular, any otherwise-applicable requirements that

- (i) state and local bodies notice each teleconference location from which a member will be participating in a public meeting;
- (ii) each teleconference location be accessible to the public;
- (iii) members of the public may address the body at each teleconference conference location;
- (iv) state and local bodies post agendas at all teleconference locations;
- (v) at least one member of the state body be physically present at the location specified in the notice of the meeting; and
- (vi) during teleconference meetings, a least a quorum of the members of the local body participate from locations within the boundaries of the territory over which the local body exercises jurisdiction

are hereby suspended, on the conditions that:

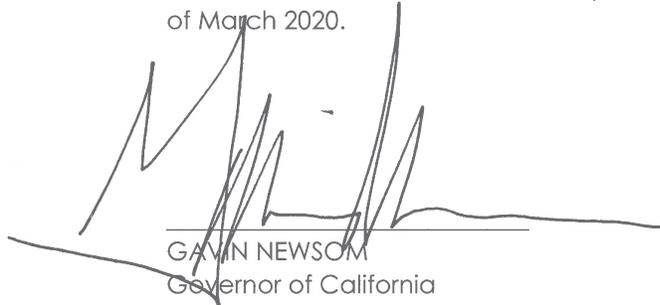

- (i) each state or local body must give advance notice of each public meeting, according to the timeframe otherwise prescribed by the Bagley-Keene Act or the Brown Act, and using the means otherwise prescribed by the Bagley-Keene Act or the Brown Act, as applicable; and
- (ii) consistent with the notice requirement in paragraph (i), each state or local body must notice at least one publicly accessible location from which members of the public shall have the right to observe and offer public comment at the public meeting, consistent with the public's rights of access and public comment otherwise provided for by the Bagley-Keene Act and the Brown Act, as applicable (including, but not limited to, the requirement that such rights of access and public comment be made available in a manner consistent with the Americans with Disabilities Act).

In addition to the mandatory conditions set forth above, all state and local bodies are urged to use sound discretion and to make reasonable efforts to adhere as closely as reasonably possible to the provisions of the Bagley-Keene Act and the Brown Act, and other applicable local laws regulating the conduct of public meetings, in order to maximize transparency and provide the public access to their meetings.

IT IS FURTHER ORDERED that as soon as hereafter possible, this Order be filed in the Office of the Secretary of State and that widespread publicity and notice be given of this Order.

This Order is not intended to, and does not, create any rights or benefits, substantive or procedural, enforceable at law or in equity, against the State of California, its agencies, departments, entities, officers, employees, or any other person.

IN WITNESS WHEREOF I have hereunto set my hand and caused the Great Seal of the State of California to be affixed this 12th day of March 2020.
