Employment & Training

“It has been my pride and joy to work for Employment & Training assisting the Richmond Community with workforce system navigation. I will miss being a part of the nation’s public workforce development system to provide increased economic opportunity to Richmond. It’s been a rewarding journey to provide guidance to increase the skill and credential attainment, employment, retention, and earnings of those with significant barriers to employment. I look forward to relaxing in Costa Rica and spending time with my 89 year old mother. I’m grateful and thankful for the opportunity of 15 years to make a difference for the City of Richmond.”
