# Message from the Richmond Department of Children and Youth

It was with great honor and pride to create this resource guide for the community on behalf of the City of Richmond. Categorized by the department's six priority areas, this guide has been carefully curated in order for users to learn about the city's organizations that provide service to our community's children, youth, and families. By providing the organizations' services, points of contacts, and supplemental information, this resource guide aims to engage community partners with the Richmond's young people in order to promote services that can be conducive to their development.

As a department that strives to serve its community to the best of its ability, we hope that this resource guide enriches the lives of the future of Richmond leaders, innovators, and trailblazers of change.

Thank you.

Sincerely,

*Department of Children & Youth*
